Parisgrafs LOCALLY SPEAKING

"In every work that he began
he did it with all his heart
and prospered."

NEWS comes from Clarksville to the effect that the recent experiment with a "free gate" at the Red River County Fair was successful. The fair had been having its financial problems, as most other fairs have been having.

The crowd on the closing day of the fair broke all past attendance records and when the fair was over the officials found that it had been a financial success.

NATURALLY the citizenship of Paris approves action of our city officials in the purchase of the new pump for the fire department—especially when it is considered that no additional tax will be levied to pay for the equipment.

IT is gratifying to observe the unusual amount of interest being shown in the Red River navigation meeting to be held in Denison starting Friday morning at 10 o'clock. The list of delegates from Paris continues to grow and it now appears that we will have excellent representation.

WHILE the people have been greatly inconvenienced and often vexed by the torn-up condition of our streets in Paris, due to the work of replacing gas mains, it should be remembered that the project is affording employment for a goodly number of people. And in addition, of course, the work was necessary or else the gas company would not be expending such an amount of money.

No doubt due diligence will be exercised to keep the street paving in left in as good condition after the work has been completed as before it was started.

The hum and bustle and bustle of the local government cotton cooperative office is rather refreshing. It is one of the busiest places in Paris. Incidentally, the Paris office is one of the best in the state of Texas.

Many towns who frowned upon the proposition when it was first presented have since shown eagerness to get a branch office. The cotton growers are turning to the plan rapidly and the local office as well as offices in other sections of the state, is taxed to capacity to handle the volume offered.

A PLAN is on foot to send fifteen fine Lamar county club girls to the annual encampment at the State Fair of Texas. These daughters of Lamar county farmers have excelled in their club work, each being a winner in some of the various contests.

The average citizen can not comprehend the value of the work being done in our Texas counties by the home demonstration agents and the county farm agents.

Those who will take the trouble to make an investigation and compare the present modern methods used in improved farming, better livestock, methods of conserving food, making the rural home a more livable place, etc., and contrast it with conditions ten years ago, will be agreeably surprised.

Like so many other progressive programs the county agent and home demonstration agent work in the beginning was not easily established. It was new and many people could not see the wisdom of the program. Today the county without a county agent and a home demonstration agent counts itself unfortunate and usually the citizens are making an effort to get this value service.

Quake Wipes Out Several Towns, 175 are Killed

STALINABAD, Tadzhikistan, Soviet Republic, Sept. 24. (AP)—An earthquake which wiped out seven villages and badly damaged ten others, killed 175 persons, injured more than 300, and left about 120 families destitute in this region early Wednesday.

A special relief commission headed by Vice Chairman Glushchak of the Tadzhikistan cabinet, has gone into the devastated region to render assistance. The earthquake occurred at 4:15 a. m. Many of the victims were buried in the ruins of their homes where death overtook them in their sleep.

Really Meet Ends; Thorman New Head

SAN ANGELO, Sept. 24. (AP)—The eighth annual convention of the Texas Association of Real Estate Boards closed Wednesday night with the annual banquet and inaugural ball after Fort Worth was chosen as the next convention city and H. C. Thorman of San Antonio was elected president.

Man Found Dead. OLNEY, Sept. 24. (AP)—D. D. Book 72, was found shot to death here Wednesday. A shotgun had been propped against an automobile and the trigger released with a stick. There were no witnesses to the shooting. He is survived by a daughter, Mrs. Minor Gray, with whom he lived.

Has Metal Lung

Attending physicians are now optimistic over the recovery of Frances McLean, student nurse of Altona, Ill., who has been kept alive by a drinker respirator in a Chicago hospital. A metal lung has kept the young woman alive since she was stricken with infantile paralysis several days ago.

FANNIN FAIR TO START TUESDAY; TO HAVE RODEO

Officials Preparing for
More and Better Exhibits
Than Before

The Fannin County Fair will begin Tuesday, September 30, according to the fair catalogue. Cash premiums offered at this fair will total \$3,500. A general daily educational and entertainment program has been arranged, besides the midway attractions of the John Francis shows.

Opening day of the fair has been designated Children's Day, when all school children of Fannin county will be given free tickets. Judging of textiles, culinary, home demonstration department, horses, mules, jacks, poultry, and apiary will begin Tuesday, at 1 o'clock in the afternoon.

The fair will open with a parade through the city at 10 o'clock and the gates will be opened at 10:30.

One of the daily features of the fair will be a rodeo, which will be held each afternoon at 2:30, and at 8 o'clock in the evening.

Officials of the fair are expecting more and better exhibits than they have ever had. Every effort is being made to secure exhibits from each section of Fannin county and reports indicate that practically every community in county will be represented with displays.

There are several communities who have announced their intention to have community exhibits. A larger number club exhibits in boys, girls and women's departments than ever shown at Bonham are expected.

Order Reduced Rates. AUSTIN, Sept. 24. (AP)—Reduced freight rates on cotton, effective Thursday were ordered Wednesday by the state railroad commission from an area about 225 miles to the ports of Houston, Galveston and Texas City.

The reductions asked by the carriers to meet motor truck competition, amount to from 30 to 50 per cent under prevailing rates.

Hoover Launches Home Building Plan

WASHINGTON, Sept. 24. (AP)—President Hoover Wednesday inaugurated his conference on home building and home ownership and in a speech to its planning committee said the "greatest present field for the absorption of our surplus national energy lies in better housing."

Twenty-eight of the 33 members of the committee met and organized at the White House and later the president.

COLONEL TALBOT CHOSEN BY GOP'S TO OPPOSE ROSS

Dallas Insurance Executive
Selected After Butte's
Resignation

ACTIVE YEARS
IN POLITICS

New Nominee to be Given
Rather Free Hand in
Committee Selection

DALLAS, Sept. 24. (AP)—Col. William T. Talbot, Dallas insurance executive, Wednesday was chosen by Texas Republicans to oppose Ross S. Sterling of Houston, the Democratic nominee, in the governor's race.

Talbot was selected by the state Republican executive committee one day after Dr. George C. Butte of Austin and Washington, nominated in the primary had declined the nomination. His nomination will be made official after Dr. Butte's declination had been filed with the secretary of state.

The new head of the Republican state ticket entered the war as a private in the Rainbow division and came out as a colonel. Since the war he has devoted a large part of his time to work of former service men. As census supervisor for this district he chose nearly all of his personnel from the ranks of the veterans. He is commander of the Dallas post of the American Legion.

Colonel Talbot has been active in politics for many years. He was the first state director of organization for the Republican party and founded the state headquarters here. In 1924, he managed the campaign of Dr. Butte against Mrs. Miriam A. Ferguson, the Democratic nominee for governor, in which Dr. Butte came closer to victory than any Republican candidate for governor in recent years.

The Dallas man was credited with being one of the original Coolidge men in Texas in 1924 and one of the early leaders of the movement which gave the Texas Republican delegation to Herbert Hoover in 1928.

Dr. Butte special assistant to the solicitor general at Washington resigned because he said he thought he was not the logical candidate. Members of the committee said the group Wednesday received a communication from Dr. Butte expressing his enthusiastic endorsement of Colonel Talbot's candidacy.

Republican leaders said the new nominee would be given "rather a free hand" in selection of a campaign committee. The committee is expected to be named and the nomination formally made at another meeting of the executive committee here Saturday.

WOULD PURCHASE P. O. BUILDINGS

5-Year Construction and
Purchase Program of
\$43,140,000 Urged

WASHINGTON, Sept. 24. (AP)—A five-year construction and purchase program to cost \$43,140,000, the federal government would become owner of post office buildings now leased at 15 points in large cities throughout the country was recommended to President Hoover Wednesday by Postmaster General Brown.

The recommendations were contained in an exhaustive report on the postoffice lease situation requested by President Hoover last March after charges were filed in congress that the government was being defrauded of millions of dollars by professional bidders on postoffice lease contracts.

Brown defended contracts made with professional bidders, but said there had been cases where bond issues floated by the lessors had exceeded the fair value of the properties, and added it was "cases like these which have been responsible for the criticism which has in recent months been directed at the entire leasing policy."

"The fact seems to be," he said, "that if criticism may properly be levied at any phase of this transaction it should be at the leasing policy."

'Newest' La Follette To Gain High Office 'Chip Off Old Block'

PHILIP FOX LA FOLLETTE

Philip's first political job was district attorney of his home county.

Campaigning for governor, he drove his car 5,000 miles about the state.

When making a speech he often flings off his coat and opens his collar.

Secret Russ Group Shot By Police

MOSCOW, Sept. 24. (AP)—All members of a secret counter-revolutionary society, numbering 48, who were found guilty of seeking to starve the population of the soviet union by destroying the food reserves of the country, were shot Wednesday by the OGPU as "unreconcilable enemies of the soviet government and active counter-revolutionists."

Professor Alexander Ryazantsev and Eugene Karatayev headed the list of executed government officials as the initiators and organizers of the society.

On September 22 the Soviet government announced the disclosure of a powerful counter-revolutionary society embracing organizations of the meat, fish, vegetable and other food industries as well as the commissariat of trade and state planning institutions.

The OGPU (secret police) charged the society with striving to create a food panic throughout the country, thus exciting the resentment of the population and preparing the ground for overthrow of the proletarian dictatorship. The authorities said it was the purpose to establish a Bourgeois democracy.

Arrests Several In Santiago Revolt Move

SANTIAGO DE CHILE, Sept. 24. (AP)—Various persons were arrested Wednesday, charged with fomenting the revolution which was nipped in the bud Sunday when two retired army officers and three civilians were seized by the authorities at Concepcion.

Those arrested Wednesday were taken aboard a steamer, so they can not be reached by any conspirators who still may be in the country. The prisoners included Jose Maza and Pablo Rivas.

One of the civilians arrested Sunday at Concepcion, has escaped. A wide search is being made for him.

Justices of Peace To Meet Saturday

A called meeting of the justices of the peace of Lamar county has been announced for Saturday afternoon at 2 o'clock, by A. E. Ellis, justice of the peace at Powderly.

The meeting is to be held for the purpose of discussing some important matters of interest to the officers. John T. Hutchison, district attorney will meet with the justices.

GALVESTON, Sept. 24. (AP)—Galveston and Texas City port interests Wednesday asked absolute rail rate equalization with Port Houston before interstate commerce commission examiners.

STANLEY ADMITS PART IN TEXAS 'TORCH' SLAYING

In Confession to Attorney
Says Attacked but Did
Not Kill

DENIES STRUCK
THE DEATH BLOW

Returned to Fort Worth
Wednesday From Out
of State

FORT WORTH, Sept. 24. (AP)—In Tarrant county jail Wednesday night, Herbert A. Stanley, 35, recounted the gruesome details of the torch slaying of Roy Hawthorne, whose body was found burning in a pasture near Lake Worth after he was slain July 26 in the home of A. E. Stanley, father of Herbert.

Stanley admitted participating in the attack on Hawthorne but denied that he struck the death blow that ended the life of the man who was said to have gone to the Stanley home to deliver some beer.

Stanley made a written confession of his part in the slaying Wednesday night to Assistant District Attorney Morris, Sheriff Wright and D. S. Rains, jailer. "I tried to talk to him and told him I believed he was going to die," Stanley declared. "I asked him if there was anything he wanted me to tell his family. He said something to me but I could not understand what he said."

"At that time another man came into the bath room with a hammer in his hands."

"Let me show you where to hit a man to kill him," Stanley quoted the man as saying.

Stanley said the man immediately pulled Hawthorne's ear forward, and struck a blow with the hammer behind his ear at the base of the skull. Hawthorne tumbled from a stool to the floor.

Special Grand Jury to Probe Enloe Tragedy

A grand jury will probably be called Monday, October 6, at Cooper for investigation of the death of Jim Hill, prominent farmer of the Enloe community, Judge Newman Phillips said Wednesday. Ben Gillan is being held in Delta county jail without bond on a charge of murder in connection with Hill's death.

Judge Phillips said he had communicated with Henry E. Pharr of Greenville, district attorney, asking him to be present at Cooper on October 6 if possible.

"I feel that in the case of a crime such as this a grand jury should be called and if an indictment is returned the defendant should be tried immediately, in keeping with the statutes provision for speedy trials," Judge Phillips said.

Murder, Suicide Probe is Ended

BALTIMORE, Sept. 24. (AP)—Official investigation at an end, the body of Maxwell C. Byers, president of the Western Maryland railway, slain Tuesday in his locked office by Dudley G. Gray, the traffic vice president, who then took his own life, was borne on a special train Wednesday night to his old home at Point Pleasant, W. Va. There the funeral will be held Thursday.

Gray's body was expected to leave in a private car for Columbus, Ohio, where his funeral will be held Friday morning.

A coroner's verdict of murder and suicide, a post mortem entry of a murder charge against Gray, and announcement by a coroner that Gray's widow could shed little light on the background of the tragedy, brought to a close all official action.

BOGATA OFFICIALS TAKE OFFICE OATH

Special to The News. BOGATA, Sept. 24.—The newly elected officials of the City of Bogata were sworn in Wednesday. Gen. Morrison of Clarksville, acting for Judge Wren, who was out of the city, administering the oath of office.

The first meeting of the city officials was held Wednesday night at 7:30 o'clock in the First National bank building.

Aged Widow of Enid Shoots Official At Trial in Oklahoma

Probes Soviet Wheat

By going to Chicago, Secretary of Agriculture Arthur M. Hyde hopes to get first-hand information to substantiate charges that the soviet government has been contributing to the depression in the wheat market by selling of Trade Board officials say the amount sold short was too small to affect prices of American wheat.

The courthouse was thrown into an uproar. About 30 persons were in the courtroom and panic prevailed there. In other parts of the building the shots were heard and it was believed prisoners in the (Continued on Page 2)

Introducing of Clara Bow Like Introducing President Hoover to Senate Says Will

C. J. MUSSELMAN
TO OPEN THEATRE
IN PARIS SHORTLY

LOS ANGELES, Sept. 24. (AP)—W. Rogers, film comedian, seemed to be the only one Wednesday who would talk to the subject of whether Clara Bow, the famous screen star, gambled in a Nevada hotel and issued \$13,900 in checks on which she later stopped payment.

James McKay, one of the proprietors of the hotel, said Miss Bow did, and that Rogers introduced her.

Introducing Clara Bow to anybody," he said, "is like introducing her to the senate. Clara and her boy friend, Rex Bell, film actor, were going to dinner one night and I asked them to be my guests. The hotel is not solely a gambling house. A lot of divorcees stay over there in preference to Reno."

"I saw the wives of so many of my friends from back East that it was like old home week."

"Don't gamble much. Fifty or seventy-five dollars is my limit. I don't suppose it's going to hurt my reputation much for people to know I've been in a gambling house. I couldn't have been much of a cowboy without having seen a lot of gambling. I've been to Monte Carlo, too. I went over there to see what all those old women were doing bending over those tables."

"Clara wasn't gambling much while I was there. I saw her going around making a few bets, but she didn't appear to be betting much."

"But I don't like this idea of my riding to fame on the skirts of Clara Bow."

B. F. Schulberg, chief executive at Paramount studios, issued a statement saying it appeared to be purely a personal matter of Miss Bow's and officially washed his hands of it.

The film star, however, was in seclusion and could not be reached by interviewers.

Charge Seymour Behind G. W. Norris

LINCOLN, Neb., Sept. 24. (AP)—The senate committee investigating the August Republican primary in Nebraska heard testimony Wednesday that Victor Seymour of Lincoln, now assistant vice chairman of the Republican senatorial committee in charge of western headquarters at Denver, had engineered the filing of the candidacy of George W. Norris, former Broken Bow grocerman in opposition to Senator George W. Norris of McCook.

Maximum temperature for Paris Wednesday, 88 degrees, minimum 70 degrees. Rainfall, 33 inches.

Angered at Court Decision
She Also Fires Wild
Shot at Judge

DISARMED BEFORE
FIRES AT ATTORNEY

U. S. Commissioner Seriously Wounded, Opponent in Suit

ENID, Okla., Sept. 24. (AP)—Angered by an unfavorable court decision Mrs. Dolly Douthitt, capricious 69 year old widow, probably fatally wounded H. Z. Wedgwood, United States commissioner, and fired a wild shot at District Judge Arthur Sutton of Alva, Wednesday in the Garfield county district courtroom here.

Mrs. Douthitt, acquitted 25 years ago of the murder of her husband, W. T. Douthitt, snatched a revolver from her clothing just after Judge Sutton had announced a decision in favor of Wedgwood, whom she had accused in a lawsuit of "persecuting" her and fired.

The first bullet struck the commissioner wounding him in the abdomen. The next missed the presiding judge, Roy Elam young attorney, overpowered and disarmed the woman, with the help of court attaches, as she attempted to shoot him.

The courthouse was thrown into an uproar. About 30 persons were in the courtroom and panic prevailed there. In other parts of the building the shots were heard and it was believed prisoners in the (Continued on Page 2)

Leases Bonham Street Building and Will Install Modern Movie

C. J. Musseman announced Wednesday afternoon that he has secured a lease on the Fenet building at the corner of Bonham and Nineteenth streets, formerly occupied by the Grady Crawford grocery, and will install a popular priced motion picture theater.

"I will install only the most modern equipment, including the very best sound equipment obtainable," Mr. Musseman said Wednesday, "and also it may be said that only the best pictures will be shown in the new house."

"I am going to make every effort to have the house remodelled and placed in shape for opening within five weeks from this date. It is going to be a big undertaking but I believe it can be done."

Mr. Musseman further stated that the new house would be a community theater and that it would be run as such.

"As in the past when I was connected with the theaters in Paris, the new house will be open for the Boy Scouts, or any other worthy enterprise that will be of benefit to the city," Mr. Musseman said, which means that the theater will be available at any time local demands are made.

Mr. Musseman is one of the best known and best posted men in Texas on the motion picture business. He was for years connected with various picture houses in Paris, as well as in Dallas and in West Texas. He formerly ran the old Grand theater when it was located at the corner of Lamar avenue and Twenty-first street, and after the fire was connected with the Grand in its present location. The Plaza theater was also built by Mr. Musseman.

He was also identified with the Dent Theaters of Texas, and later owned motion pictures in Dallas and West Texas. He has been out of the business for two or more years.

The work of remodeling the building is to be started right away, he said.

State Rests In Trial of Elam

WAXAHACHIE, Sept. 24. (AP)—State testimony was rested Wednesday in the murder trial of Lawrence Elam, charged with the fatal shooting of Albert Griner at Ryle's Prairie, Dallas county, in 1928. The case was transferred here from Dallas county on change of venue, after the sentence imposed at the first trial was reversed and remanded on appeal.

ETEX OFFICERS WATCHING FOR BANK ROBBERS

Three Men Loot Noches
State Bank of \$3,500 at
Noon Wednesday

NECHES, Texas, Sept. 24. (P)—Pecanias were searching a wide area and East Texas officers were watching for three men Wednesday night who robbed the Noches State bank of \$3,500 at noon Wednesday.

The men forced U. M. Brock, cashier of the bank, to accompany them when they drove away, but dumped him out at Jarvis, a village on the state railroad about eight miles from here, where he was picked up by possesmen who were pursuing the robbers.

Brock was unharmed and said the men had little to say as they sped away in a small automobile. The men drove up to the bank while the citizenry of this little Anderson county town was at lunch. One remained in the automobile with a sawed-off shotgun across his knees, one entered the bank with a drawn pistol and one went into the mercantile store of Jim Valentine, in the same building.

Valentine said the man who entered his store pulled a pistol and commanded him and two young women clerks to be quiet. One of the women ran from the store, he said. The man in the bank made Brock hand over all available cash, then marched him out and forced him to get into the automobile.

With a yell and discharging their guns into the air, the three men sped off with their loot and Brock.

Posses were organized hastily here and at Palestine, the county seat, ten miles away.

Trail of the automobile was lost after it passed Slocum, but officers believed it had turned towards Lufkin.

Pistol Awards Made at Peace Officers Meet

BEAUMONT, Sept. 24. (P)—Prizes for winners in a number of pistol contests were awarded Wednesday night at a barbecue chicken dinner as the closing event of the three-day convention of the Texas Police, Chiefs and City Marshal's union here.

The San Antonio pistol team was awarded the silver loving cup for high score among seven quintets with a score of 1322 points of a possible 1500. The contest was held in three preliminary matches. Other teams in order follow: Austin, 1368; Dallas, 1322; El Paso, 1322; Houston, 1304; Wichita Falls, 1304; and Beaumont, 1222.

Jim Ingram, chief of the Ranger police department, with a score of 285 was awarded the cup for the best individual shot for contestants not members of a team.

WICHITA WOMAN HAS SUFFERED MANY YEARS

"Since Taking Argotane I
Feel Like New Woman"
Says Mrs. Clack.

"I've looked a long time for a medicine that would do for me what Argotane did," said Mrs. Lizzie Clack, residing at 212 South street, Wichita Falls, Texas, while talking to the Argotane representative.

"For several years I have been in a terrible condition and I suffered from stomach and digestion troubles. I had a very severe chronic case of stomach trouble. Everything I ate soured on my stomach which caused gas to form, and I wouldn't eat because it hurt me so. I lost strength and energy all the time and gradually grew worse. I was operated upon several years ago and I had a severe pain in my back. I heard so much about Argotane and read about it in the local papers I decided to try it."

"I feel like a new woman now, and will be able to go back to work within a week, if I continue taking Argotane, which I will. My stomach trouble doesn't bother me as it did, the pain in my back has disappeared and I eat anything I want now. I was sort of skeptical about Argotane, for I had taken so many different medicines and treatments, but it was a lucky day for me that I bought it. I am certainly pleased with the results. I have derived. Before taking Argotane I had just given up doing work of any kind, for I wasn't able, but Argotane has helped me so much I am going back to work within a few days, and yes, I am glad to recommend it, after what it has done for me."

Genuine Argotane may be bought in Paris at the Palace Drug Store. —Adv.

Russ Covering Aid in Hiking Wheat Price

CHICAGO, Sept. 24. (P)—A sinking wheat market was snatched from the quicksands of stop loss sales and general uncertainty Wednesday by reports that Russia sought to cover its recent short-selling, while government-sponsored cooperatives purchased heavily on the Minneapolis exchange.

Both reports beat the closing going by minutes and came as the market floundered in the deepest hole since 1927. The rally carried prices to from 1-4 cent under to 1-2 cent over Tuesday's closing and permitted them to rest at around 2-4 cents above the day's lows.

ENID SHOOTING

(Continued From Page One)

county jail atop the building were attempting to escape.

Mrs. Douthitt was placed in jail and the filing of charges awaited the outcome of Wedgwood's injuries.

H. G. Sturgis, pioneer Enid lawyer who as county attorney prosecuted Mrs. Douthitt for the slaying of her husband in 1924, said Douthitt was shot as he started out the door of his farm house to milk his cows. The Douthitt farm since has been engulfed by the growing city of Enid and Mrs. Douthitt has become a wealthy property owner. The farm house, made uninhabitable by fire, was shunned by the young and superstitious as "haunted" until it was torn down about a year ago.

Mrs. Douthitt has engaged in numerous lawsuits and of late years has acted as her own attorney. She was sitting at the counsel table Wednesday.

Judge Sutton was especially assigned to hear nine cases in which she was a litigant because she charged the judges here were prejudiced. Judge O. C. Wybrandt, one of the regular jurists, was a defendant in one of the suits.

"I am a volcano by temperament. They hounded me until there was an explosion," Mrs. Douthitt told an interviewer.

Lying on a cot in her jail cell she discussed the shooting calmly. She is a trim, neatly dressed woman, appearing younger than her three score years. She complained of a severe nervous headache.

"They tortured me into it; they hounded me into it," she said, referring to a group of men she has insisted are persecuting her. "For months they have been after my money. I have \$35,000 or \$40,000 they are trying to get."

"I don't know why I did it. I did not sleep at all last night. Yet they forced me into court this morning. I have had that gun for years and have it under my pillow every night."

"When everything went against me in court today, something inside of me snapped. It was the only way out. I don't know why I did it."

"I am not a criminal at heart. I am a Christian. I will not even kill a chicken. I always hire some one to do that."

"I don't feel like a criminal. I don't feel like I have committed any crime. I am positive I have not. They harassed me until it broke my health and they forced me into court when I was too sick to come."

"I am not through with them yet. I will get out warrants for them and fight them to the last ditch. Yet I don't know why I wanted to kill. I don't know why I did it."

The eccentric widow, involved in nine law suits, is defendant in several cases for her alleged failure to pay taxes and is the plaintiff in several damage suits. Her insistence on appearing as her own attorney has added to the confusion surrounding litigation in which she is involved.

A long and involved trial of litigation was begun when Mrs. Douthitt had her home recovered by a roofing company and refused to pay for the work. The company sued and won judgment of \$100. This Mrs. Douthitt also refused to pay and the company sold the house to collect. There was a mortgage and when this and the roofing bill was paid there was a balance of \$50 due Mrs. Douthitt. She refused to accept the money and continued to live in the house. The money was turned over to the district court clerk.

The roofing company, claiming ownership, decided to charge Mrs. Douthitt rent and garnished the \$50 in justice court. The court held against Mrs. Douthitt.

Mrs. Douthitt then asked and was given a grand jury hearing of the justice court's handling of the original action against her. The grand jury also ruled against Mrs. Douthitt, holding she had been given a fair and impartial trial.

Thereupon Mrs. Douthitt appealed to the district court for redress. The district court Wednesday ruled against her on motion of Wedgwood and Mrs. Douthitt ran amuck in the court room.

DRYS UNYIELDING TO NEW YORK WETS

Wet Leaders Predict Ample Majority to be Used in G. O. P. Meet

ALBANY, N. Y., Sept. 24. (P)—The Anti-Saloon league Wednesday night presented an unyielding front to the wet forces of the republican party in the face of predictions from wet leaders that they were confident of an ample majority of votes to be used in the republican state convention opening here Thursday.

Fred A. Victor, state superintendent of the Anti-Saloon league, declared Wednesday night the supporters of prohibition would withhold support from any candidate running on a platform calling for repeal of the 18th amendment.

Mr. Victor's statement apparently was the opposite of what he had said 24 hours earlier. Yesterday he had announced that United States Attorney Charles H. Tuttle, who has advanced repeal of the 18th amendment, deserved the "enthusiastic support of all right minded citizens," if he would "respect, obey, enforce and defend the constitution." This had been taken to mean that the Anti-Saloon league would support Mr. Tuttle if he pledged himself to enforce the dry law while it was on the statute books.

Former United States Senator James W. Wadsworth asserted he was assured of support for the wet cause.

"I am confident," said the wet leader, "that we have a majority and are gaining strength all the time. We think the drys are ready to make some concessions — concessions which they will understand but the public won't."

"We are going to stand pat for the word 'repeal' in the platform. The use of any other word would be ludicrous."

Wadsworth's statement concerning the substitution of some word for the flat "repeal" of the 18th amendment was prompted by the fact that pre-convention discussion had included the possibility that the drys might be appeased by the use in the platform of a word conveying the meaning of repeal but not actually demanding it.

STANLEY ADMITS

(Continued From Page One)

and landed partially under the bath tub.

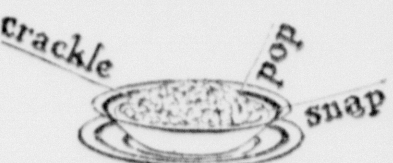

Stanley said he and another man then picked Hawthorne up and sat him on the edge of the bath tub while the victim continued to mumble meaningless sounds. At that time Stanley continued, the man with the hammer made another lunge at Hawthorne.

"We turned Hawthorne loose and he fell into the bathtub," Stanley asserted.

Warning the other men they ought to get a doctor or take Hawthorne to a hospital, Stanley said he left the house, went after his car and backed it up to the rear of the house. He said when he went back into the house he found the other men had tied up Hawthorne's body in a bundle.

"He is dead," Stanley said one of the men told him. Stanley said some one suggested the body be buried. A search was made for a shovel or spade and after one could not be found it was agreed to take the body out and hide it."

W. White and A. P. Holman, all of Dallas.

Tax Collectors Go to Amarillo

DALLAS, Sept. 24. (P)—On the strength of its promise to attract to the next convention twice as many delegates as ever attended any previous session of the Tax Collectors' association of Texas, Amarillo was awarded the 1931 convention Wednesday. The meeting will be held next June, on dates to be set later.

The convention closed its sessions with the unanimous election of officers and selection of the next convention city.

Troy Law, Cameron, was elected president; Dell Richey, El Paso, first vice president; C. J. Lockhart, Cleburne, second vice president; and Paul Williams, Austin, re-elected secretary-treasurer.

SEEK THREE WHO TARRED, FEATHERED MAN

MIAMI, Fla., Sept. 27. (P)—City detectives Wednesday sought three men who they believed tarred and feathered David Weinberg, 44 year old tailor, because of his alleged activities in distributing tracts on communism and race equality among Miami negroes.

Weinberg, described by Chief of Detectives L. O. Scarborough as a "dangerous radical," was released late Wednesday from municipal jail where he had been held under a technical charge of investigation.

Masons Meet

DALLAS, Sept. 24. (P)—Several hundred Masons and their wives of Dallas were hosts Wednesday night at a reception in the Scottish Rite cathedral honoring members of the supreme council of Scottish Rite Masonry for the southern jurisdiction of the United States which opened its session here Wednesday.

Italo-French Naval Talks Broken Off

ROME, Sept. 24. (P)—Italo-French naval conversations at Geneva have been broken off completely, according to a spokesman of the foreign office Wednesday night. The hitch was declared here to have come over a French counter-proposal whereby France, allowed to build naval vessels on a basis of one and one-half units to Italy's one. The Italians considered this a backward step from the London conference and turned it down, the spokesman averred.

It was pointed out here Wednesday night that Italy had proposed the joint meeting of naval experts which met in Paris August 15. Italy also suggested inclusion of the British, but France objected. The Italians proposed that the number of naval units as well as tonnage be considered. Italy, the spokesman said, made considerable concessions to the French and on the whole the French seemed to like the plan which did not, however, amount to giving parity to the powers.

Roosevelt Quits Post in Manila

WASHINGTON, Sept. 24. (P)—Nicholas Roosevelt, New York editorial writer, about whose head a storm of protest raged several months ago when he was named vice governor of the Philippines, resigned that post Wednesday and was appointed by President Hoover as minister to Hungary.

He will succeed Butler Wright, former assistant secretary of state, who is being transferred from Budapest to serve as minister to Uruguay.

Hitler May Get Chance Express Political Views

LEIPSIK, Germany, Sept. 24. (P)—Adolph Hitler, head of the German National Socialists (Fascists) party, may get an opportunity Thursday to express his views and plans regarding Germany's political condition before the court which is trying three Reichswehr lieutenants on charges of high treason in connection with Fascist activities.

Wednesday's session in the trial of Lieutenants Richard Scherzinger, Hans Luden and Hans Friedrich Wendt proceeded quietly. There was an exciting interlude, however, Captain Von Pfeffer, a Fascist, who had been summoned as a witness, failed to appear when his name was called in court. He later was brought in forcibly under police escort.

"FOLLOW THESE INSTRUCTIONS

for Long Life and
Economical
Operation"

THE manufacturer of your car has had years of experience in the building and operation of automobiles. He knows, better than anyone else, that lubrication is the greatest single factor governing the life and service of your car.

That is why he emphasized in his instruction book the absolute necessity for frequent and thorough lubrication with high-quality products.

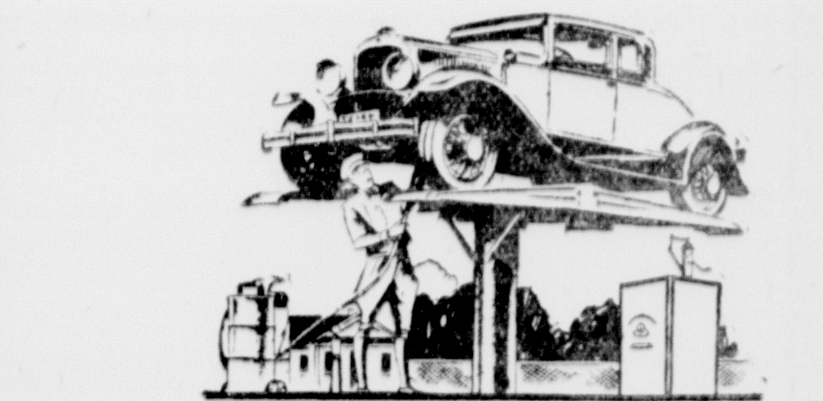

Cities Service Oils and Greases are of the high quality the builder of your car had in mind. They are produced by a billion dollar organization whose experts have the benefit of 63 years of petroleum experience.

Cities Service products are tested in the laboratory and on the road—day after day—in the giant fleet of more than 4,000 Cities Service motor vehicles. These rigorous tests of Cities Service products are made before they are ever offered for your use.

Remember—experts built your car; experts built super-quality into Cities Service Oils and Greases for your car, and experts at Cities Service stations and dealers know how to apply these products as your manufacturer instructed.

KOOLMOTOR GASOLINE
the original high test, anti-knock green gas

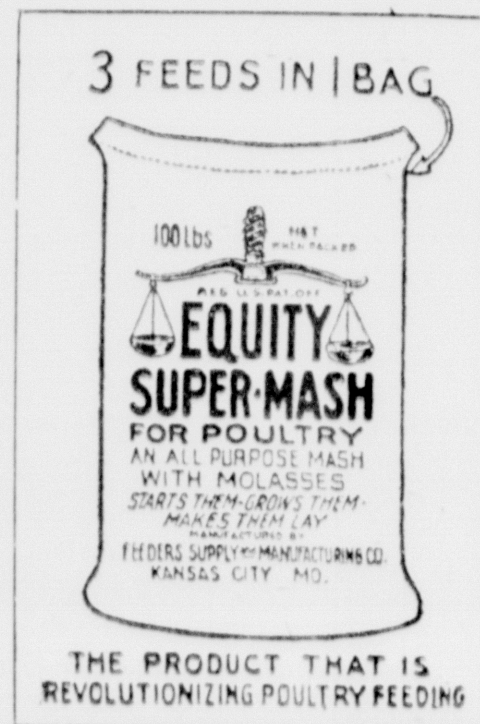

A CITIES SERVICE product—full of power—full of speed—ready to go when you are—rushes to duty at the touch of the starter—and delivers full power from then on. This thoroughbred among gasolines is a notable achievement in motor fuels. It's free from harmful gum—your protection against loss of power, compression and mileage caused by sticky, gummy valves.

Cities Service Radio Concerts, Fridays 6 P. M. Central Standard Time—over W.E.A.F. and 33 Stations on the National Broadcasting Company's Coast-to-Coast and Canadian Network.

SUPER-MASH

THE PRODUCT THAT IS
REVOLUTIONIZING POULTRY FEEDING

With two of your hens in separate coops, one fed SUPER-MASH, and the other fed any other feed, you can PROVE to YOURSELF in 24 HOURS that the SUPER-MASH-fed hen will drink at least ONE-FOURTH MORE WATER.

If your hens are moulting, why not divide the flock, feed half of them on SUPER-MASH and WATER and NOTHING ELSE? Feed the other half anything else you want to.

In TEN DAYS with your naked eyes you will be able to SEE so much greater improvement in the SUPER-MASH pen than in the other pen that you will put the entire flock on SUPER-MASH.

If you don't try this, you will never know what you are missing.

YOUNG MEN HEAR LIQUOR LAW TALK

John Sturgeon is Principal Speaker at Luncheon Meet Wednesday

John Sturgeon, Paris attorney, was the speaker of the day at the Young Men's Luncheon club program in the dining room of the Hotel Gibraltar. His subject dealt with the "Liquor Laws," and was unusually interesting. He explained in a general way the difference in the various laws governing liquor traffic in this country, and the punishments for their violation. He was emphatic in his contention that whether or not the individual citizen of this country is sympathetic with the laws relative to liquor, or anything else, so long as it is a part of the constitution of the United States government and the state of Texas, that it should be upheld; and that the enforcement of the law remained up to the private individual.

Miss Georgia B. Mayse, pianist, presented two delightful numbers, after which, she accompanied Miss Josephine Amis in two vocal solos. The club members were, apparently, well pleased with the musical numbers.

W. J. Vacca, president, read a resolution relative to the possibilities of Red river navigation and flood control. It was voted by the club to endorse the petition to the government, and several members are planning to attend the meeting to be held at Denison Friday.

Ellis Moore and Chas. Turner were in charge of the program. Austin Heffelfinger won the weekly attendance prize. Beryl Johnson and Jack Coleman will have charge of the program next week.

FORTY-TWO CLUB WITH MRS. GRANT

DEPORT. — Mrs. Stephen H. Grant, entertained the Forty-two club Tuesday afternoon with four tables. Mrs. W. L. Baughn made high score for the guests, and Mrs. Claud Barham for the members. The hostess assisted by Mrs. Joe A. Grant served a salad course to the members and these guests: Meses, R. C. Kimball, J. R. Hutchison, A. W. Simmons and W. L. Baughn. A business meeting was held and Mrs. W. E. Veto elected secretary and Mrs. Chas. Barker reporter. Mrs. J. B. Griffin was elected a member. Mrs. Joe Grant will be hostess October 7.

Surprise Party for Mrs. Dunn's Birthday

DEPORT. — Alfred Dunn, assisted by Mrs. L. H. Igo, and Mrs. Claud Barham, surprised Mrs. Dunn with a Forty-two party at the American legion hall Tuesday evening in honor of her birthday. Seven tables were played and refreshments were served.

Benefit Church Supper at Ambia Friday Night

A benefit supper, with sandwiches, pie, cake, ice cream and other good things to eat, will be held Friday night at Ambia at the Christian church. Patronage is invited, the proceeds to be used for benefit of the church.

Important!

SOCIETY NEWS

All items for this department must be received at The News office before 6:30 p. m. for publication the following day.

THURSDAY'S CALENDAR
9 to 10:30 a. m. Mrs. T. D. Wells' Bible Class meets in the Manton Bible Class room of Central Presbyterian church.
2:30 p. m. The Garden club holds its first meeting of the season at the home of Mrs. George Griffith, 231 Bonham Street. Mrs. F. D. Mallory, leader.

Friendship Club Will Meet on Friday

The Friday Friendship club will hold its first meeting of the season Friday afternoon at 2:30 with Mrs. Smith Lee and Mrs. George Gahbert at Mrs. Lee's home, 359 Lamar avenue.

American Literature Club Meet Held

The American Literature club opened its season with a business session Wednesday afternoon at the home of the president, Miss Jessie Rucker, on Clarksville street. Mrs. A. H. Channess being welcomed as a new member.

Roll call was answered with interesting items under the topic of "Vacation Echoes".

The session was given over to discussion of the program for the year's work, and matters of routine business.

Refreshments of cream and cake were served at the close of the meeting.

The club's first program meeting will be held October 1, with Miss Mary Agnes McFarland.

Kitchen Shower Given for Mrs. Vaughn

A kitchen shower was given Tuesday afternoon for Mrs. Vaughn, who has recently moved to her new home on South Eleventh street, the hostesses being Meses, C. S. Vaughn, B. E. Vaughn, and Ralph Armstrong, at the home of Mrs. B. E. Vaughn.

The honoree was presented with a number of useful and attractive household gifts.

Punch was served for refreshment.

Naioth Bible Club Has First Fall Meeting

The Naioth Bible club held its first meeting of the year Tuesday afternoon at the home of Mrs. F. G. Johnson on Lamar avenue.

The meeting was opened with prayer by the leader, Mrs. Jack Lee, and roll call was answered with the names of Biblical kings opposed to idolatry. The lesson, based on II Chronicles 1:12, was supplemented by a paper on "The Ark of the Covenant" written by Mrs. George Stealy and read by the leader.

During a brief business session, the officers elected in the spring for the 1930-31 season were installed, Mrs. Blake Lee being president.

New Catholic Church Building Progress

Special to The News
CLARKSVILLE, Sept. 24.—The frame work of the new Catholic church is up and work progresses. It will be about the first of the coming year before the church will be ready for occupancy.

The church is to be of brick veneer, and of Spanish architecture and is to have a seating capacity of more than 200. Smith and Praeger of Paris are the architects. For the present Father George J. Reid will continue to have mass in the convent chapel.

French Aviators at Salt Lake City

SALT LAKE CITY, Sept. 24. (AP).—The two French aviators who spanned the Atlantic in the first flight from Paris to New York received the adulation of Salt Lake City here Wednesday.

Greeted at the airport this forenoon by a great throng Capt. Dieudonne Coste and Maurice Bellonte were escorted this evening through streets banked with thousands of school children waving the French tricolor and shrilling a welcome, and then to the chamber of commerce, where they were guests of honor at a civic banquet.

ROXTON

ROXTON, Sep. 24.—Miss Cecile Conwell has gone to Denton to enter college.

Miss Edith Jennings and Miss Julia Maxwell will be students at Denton.

Ross Payne will leave Friday for Baylor medical college.

Miss Pauline Poole was surprised at the home of her parents Mr. and Mrs. Ed Springer, Monday evening with a party by her young friends.

Miss Pauline Poole has gone to Commerce to college.

Mr. and Mrs. E. M. Margraves, Billy Margraves, William Ashley and Mrs. Cordie Webb Ingram attended the wedding Tuesday evening at Petty of Miss Eloise Hollingsworth to Charles B. Seldenzanz of Dallas.

William Ashley and E. M. Margraves went to Soper, Okla., Wednesday to attend a squirrel dinner.

Charles McFartridge, youngest son of Frank McFartridge, broke his left arm while playing at school Tuesday. He was taken to Paris to have it set.

Guy S. Caldwell, jeweler, is having the show windows of his shop on the south side of the plaza effectively decorated with an upper border of pink and black in a modernistic design, in keeping with the rest of the store front.

GREELEY SAYS PEARY MISSED POLE

Claiming he has penetrated farther north than any living man, Gen. A. G. Greeley of Washington, D. C., 87, oldest living Arctic explorer, is writing his tenth book on the Arctic, at his summer home, in South Conway, N. H. In 1881 he took an expedition within 100 miles of the pole, and remained there three years, 20 of the 27 accompanying him perished. Greeley insists that Peary never discovered the north pole.

Marriage Takes Place on Tuesday Evening at Petty

Special to The News.

PETTY, Sept. 24.—The marriage of Miss Eloise Hollingsworth to Charles Barrett Seldenzanz of Dallas was solemnized at the home of the bride's parents, Mr. and Mrs. T. L. Hollingsworth south of Petty, Tuesday evening at 6:30, the Rt. Rev. Mgr. B. H. Diamond of the Sacred Heart cathedral of Dallas officiating.

The wedding took place on the lawn and the bridal party stood before a trellis, an improvised altar being formed of ferns, trailing vines and tall baskets of gladioli tied with pink and green tulle.

Preceding the ceremony, Earl Dale of Paris sang "All for You" and "Beque." He was accompanied at the piano by Mrs. P. C. Callaway of Itasca, who also played the wedding march.

The bride was given in marriage by her father. She was gowned in ivory satin, made princess style, with ankle length skirt. With it she wore slippers to match and a bride's illusion veil, with a wreath of orange blossoms. She carried a bouquet of lilacs and bride's roses.

Miss Geneva Garretson, maid of honor, wore yellow crepe with slippers to match and carried cream roses. The bridesmaids were Miss Margaret Pilet dressed in peach crepe; Miss Mary Anna Seldenzanz, wearing a green crepe, and Miss Betty Bradford in a blue crepe. Each of the bridesmaids carried bouquets of tinted asters.

The groomsmen were Crowds W. Berry of Dallas, Ardmore Healy and Hiram Brels of Fort Worth

and Joe C. Morris of Dallas acted as best man. The bride's attendants were all schoolmates of Miss Hollingsworth at Southern Methodist university, and the groomsmen, Texas A. and M. classmates and college friends of Mr. Seldenzanz.

Following the wedding a reception was held, and each guest registered in the bride's book.

The home was decorated with baskets of garden flowers and gladioli; the dining room table being centered with a large wedding cake. Above the table was a shower of fern and tiny pink rosebuds, on white ribbons. The cake was cut by Mrs. Lynnwood Estep of Dallas.

Those assisting in the reception were Miss Edith Sledge of Dallas, Miss Mary Palmer Allen of Honey Grove, Miss Lucille Dowlen, Mmes. Fred M. Davies, Pose G. Collier and Claud M. Clark of Petty.

The bride's traveling costume was a brown ensemble with accessories to match.

After the ceremony the couple left for a wedding trip in South Texas and Mexico, and on returning will be at home in Dallas.

The bride is the only daughter of Mr. and Mrs. T. L. Hollingsworth, and was born and reared here. She attended the Petty school, and high school in Honey Grove, being graduated there. She went later to Dallas and has been attending S. M. U. the last two years. She is a member of the Delta Gamma sorority chapter there. Several bridal courtesies have been extended her recently here and in Dallas.

Mr. Seldenzanz is the only son of Mr. and Mrs. C. H. Seldenzanz of Dallas and is engaged in business in Dallas. He is a 1927 Texas A. and M. graduate.

"QUALITY IS EVERYTHING"

Says

JOHN HERTZ

Chairman of the Board
Omnibus Corp. of America

Owners of all the busses in New York and Chicago; Founder of the Yellow Cab Co. Director Forman-State National Bank, Chicago.

"A champion race horse or a leader in industry, I have found, is seldom a result of chance. Concentration upon quality—that's what counts. When I read the personal reports of your distinguished visitors, revealing your use of the Ultra Violet Ray in the 'Toasting' of the LUCKY STRIKE tobaccos, I knew that you were on the right track. Quality is everything—and the American people demand and appreciate the best."

John Hertz

LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating! Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray.

"It's toasted"

Your Throat Protection—against irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. John Hertz to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Hertz appears on this page.

BRIEFS

About Town

Poisoning of dogs continues in Paris. A resident of South Church street lost a valued Boston bull dog Tuesday, by poison.

J. H. Lytton, Jr., associated with the Pacific Finance Corporation of Dallas was a business visitor in Paris Wednesday.

Clint Walden, manager of Hunt's store, who has been in Saint Louis for several days buying additional merchandise, is expected to return home Thursday.

R. H. Finney, J. C. Penney company manager, Monday and Tuesday was in Waxahachie, Cleburne and Hillsboro on company business.

Mr. and Mrs. J. J. Culbertson, who recently returned from a trip abroad, are in Oklahoma City and are expected to return to their home in Paris soon.

The board of directors of the local chamber of commerce will meet Thursday afternoon at 4 o'clock, presided over by James M. Caviness, president of the organization.

A suit form in one of the large show windows at the Montgomery Ward & Co., store accidentally fell Wednesday morning and crashed the plate glass in the window.

Vol E. McClain, Lowe Butler and Ab Jones returned home Tuesday night from Dallas, where they had been to attend a two day session of Texas wholesalers of Willard batteries.

Mrs. Adelia Jane Daugherty has been invited to appear on the Hugo Rotary club program to be given next Tuesday evening at Roebuck lake. With a number of her pupils, she will take part in the program.

Mrs. T. C. Hunter, who recently opened a women's apparel shop of Clarksville street, has been ill for the past week, but is now much improved and will return to her place of business.

Khalid Grotto will hold an important business session Friday evening at 7:30 in the auditorium at the Masonic building. Full attendance is asked for discussion of fall plans.

A. H. (Buddy) Nichol has returned home from Muskogee, where he had been to attend the bedside of his brother, Bob Nichol, who has been seriously ill at a hospital at that place. He was reported somewhat improved.

R. E. L. Jackson, who was injured in a fall from a truck Tuesday morning, is reported as improving. He suffered injuries about the head when he fell from the truck and struck on the pavement.

The building committee of the First Baptist church met Tuesday night to go over plans for the proposed new structure. The architect was present and Chairman J. C. Roberts stated that within a short time bids would be asked for.

KONJOLA ENDS NEURITIS AND STOMACH PAINS

Dallas Man Unable to Work and About to Give up Hope Now Back on Job

MR. JIMMIE SANCHEZ

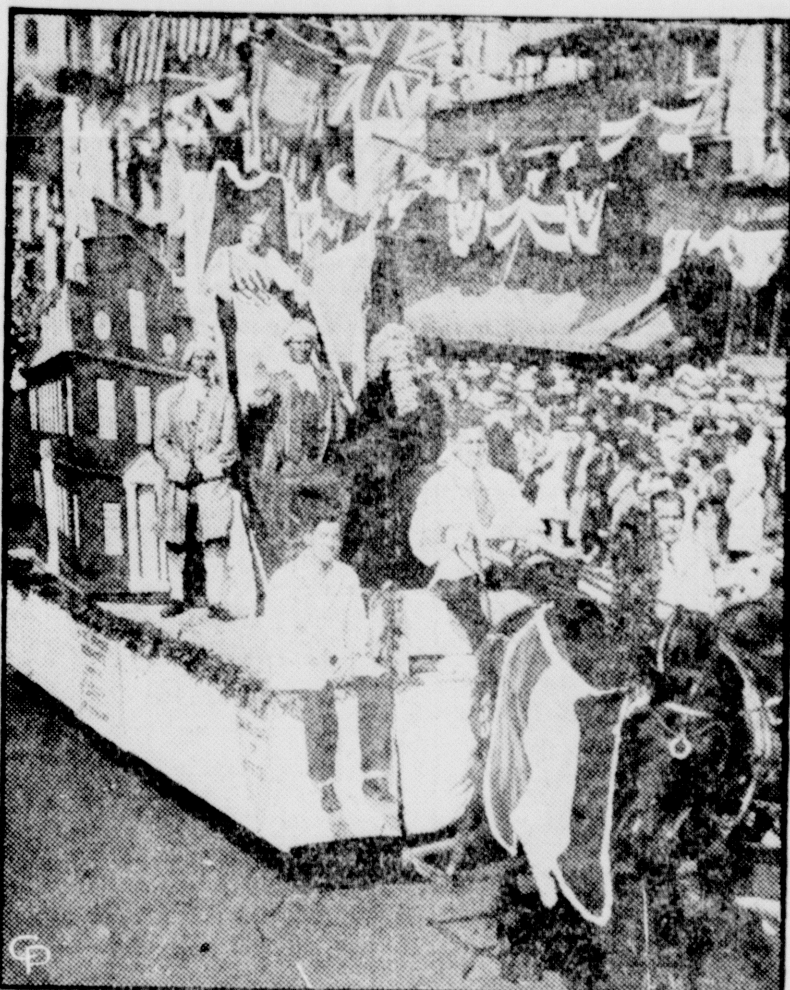

"From the second day that I started with Konjola I felt that I had the right medicine," said Mr. Jimmie Sanchez, 1917 Orange street, Dallas. "I suffered for more than four years with neuritis and stomach troubles, a condition that rapidly brought me down in health. My fingers and limbs were so badly swollen and the pains in my sides so severe that I was forced to go to bed for one month. My work required me to do a great deal of writing and this of course was impossible. I had severe attacks of indigestion and gas accumulation after meals."

"I have taken four bottles of Konjola and the neuritis is completely gone. My fingers and joints no longer swell and the pain in my side is gone. Am again at my work and happy to relate my experience with Konjola."

Recommended for ailments of the stomach, liver, kidneys, and bowels, and rheumatism, neuritis, and nervousness, Konjola has made a record that would often challenge belief were the actual facts not known and verified.

Konjola is sold in Paris at the Palace Drug Store, and by all the best druggists in all towns throughout this entire section.—Adv

BOSTON OBSERVES TERCENTENARY

One of the many historical floats in the Tercentenary parade held in Boston to celebrate the founding of Massachusetts. The float, "Cradle of Liberty," depicts the signing of the first Governor of the Bay State. More than a million persons watched the parade.

The new addition to the three stories high, with basement and will be built along modern lines of church educational buildings.

J. R. Barnett has been granted a permit for the construction of 65 feet of concrete walk on the north side of Lamar avenue, between Thirty-fourth and Thirty-fifth streets, work on which has been started.

The office of the Texas Cotton Cooperative association is one of the busiest places in Paris. The office is constantly crowded with farmers, from early morning hours until late at night. New members are joining the association daily.

The city of Paris has purchased a new motorcycle to replace the one that has been in service for the past three years. The old machine has traveled more than 60,000 miles, according to Gus Cothran, motor cycle officer.

The ornamental lights, one on each corner of the base upon which the town clocks rests, are now in operation, and add much to the appearance of the tower at night.

A heavy rain was reported south of the city Tuesday. The Paris

make as much cotton this year as last, and also that there was a fair feed crop raised in the county.

Dug Hull, well known Paris citizen, who has been critically ill at his home on South Fifteenth street for a number of weeks, is reported no better.

Committeemen from the Wright Bible class of the First Baptist church report excellent progress in the sale of tickets for the men's fellowship banquet to be held at the church on the evening of October 3. Not less than three hundred, and perhaps more, are expected.

Contract for cleaning out the lake at Camp Clark, for Boy Scouts, a short distance west of the city, will include building up the spillway, making the lake deeper and otherwise improving this important adjunct to the camp.

Light fixtures are being placed in the building to be occupied by the J. C. Penney company, on the west side of the plaza. The painters will finish their work this week, and the building will be ready for occupancy on or about Oct. 1, it was reported Wednesday.

The home of J. D. Seiffman on West Campbell street was entered some time Tuesday night or early Wednesday morning, the intruder gaining entrance by cutting a screen door. A pocket knife and a few other articles of small value was reported missing by officers who made an investigation.

Mrs. George Boyer and son, Charles Owens Boyer, and Mrs. Lucy Owens will leave Thursday morning for Phoenix, Arizona, where they will make their home. They will go with Mr. and Mrs. Guy Carter of that city, who have been visiting relatives here.

Phillip Friedman of the firm of Friedman Bros., was in Paris Wednesday and announced that his firm would open for business in Paris on or about October 1, in the building now occupied by the J. C. Penney company.

NATIONAL HOME FURNISHINGS STYLE SHOW

SEPTEMBER 27 to OCTOBER 4

We Invite You!

RADIOS, automobiles, clothes, and even manners of speech serve their day, finally to be discarded as "old-fashioned." The home and its surroundings are no less subject to style changes. We who are progressive demand surroundings that reflect the prevailing mode.

A Complete Exhibit

Wherein Style in Home Furnishings will be paramount. Beginning September 27 and ending October 4, we are planning the most comprehensive and authentic fashion exhibit of things for the home that we have ever attempted. For weeks we have been receiving and building new pieces, especially for this show, and whether you are planning to refurnish this fall or not, you find much that is interesting and profitable at our various elaborate exhibits.

Watch for Announcement

Make your plans now to attend our store at least one time during this Home Furnishings Style Show. Since it will be impossible for us to personally invite everyone, we urge you to watch for our later announcements, and promise that you will not be disappointed if you attend.

Crop Is Short in Detroit Area

Special to The News
DETROIT, Sept. 24—The two gins at Detroit have ginned to date about 800 bales. The crop is more than half gathered and it is not expected the total number of bales will reach over 1,300.

Due to the extremely hot, dry summer the corn crop is almost an entire failure. Many farmers will not go in their fields to gather the corn and that gathered is very poor quality.

Few fall crops and gardens have been planted in this vicinity due to the continued drought.

The Roter Pickling and Canning Co. of Dallas loaded their second car of pickled cucumbers from their vats here Monday. About seven cars are yet to be shipped.

A light rain fell here Tuesday afternoon which will be helpful in bringing up turnips and other vegetables, but not enough to afford stock water which is getting low. Many pools are already dry. Drinking water is getting scarce, and much is being hauled from elsewhere.

Crockett and James Perkins are attending Paris high school.

Mrs. Stokols of El Paso is visiting here.

Miss Eunice Benham is attending junior college.

Rev. Ira Kiker of Paris preached at the Methodist church Sunday night.

Mitchell Secret is ill.

Mrs. G. K. Skidmore is confined to bed by illness.

Pattonville gin reports 478 bales ginned to Tuesday at noon.

Scout Officials To Make Survey

The officials of the Lone Star Area council, Boy Scouts of America, have started an extensive survey of the boys within its council limits, with the view of enlisting more 12 year old boys in Scouting.

The survey blank calls for full information about the boys, including their scout record of advancement for those who are Scouts. Every boy in school who will be 12 years old during the year is to be included.

There is a decided trend toward scouting, the majority of the boys eligible indicating a desire to be scouts. With trained adult leaders such as are answering the call to service and being trained for the leadership, there are bright prospects for scouting to grow fast in the Lone Star Area council.

France has military airplanes assigned to prevent other aircraft from flying over its border forts.

It's AS EASY and natural to enjoy the fragrant mildness of a Camel Cigarette as it is to admire beauty when you see it.

Camels are made, and always have been made, for discriminating smokers—the people whose keen judgment unerringly selects the best. But that doesn't mean you have to be an expert to enjoy Camels! The delicate, mellow fragrance of those choice sun-ripened tobaccos is something that anybody can appreciate. Camels are naturally smooth and mild—never parched nor insipid.

Why is there such a swing to Camels? Because more and more smokers are learning the difference between true mildness and mere flatness. Give yourself the luxury of a cigarette that's always pleasant smoking.

Now I rejoice, not that ye were made sorry, but that ye sorrowed to repentance; for ye were made sorry after a godly manner, that ye might receive damage by us in nothing.

For godly sorrow worketh repentance to salvation not to be repented of; but the sorrow of the world worketh death.—II Corinthians, vii, 9, 11.

INLAND WATERWAYS

THROUGHOUT the United States the subject of inland waterways is more alive today than perhaps at any other period within the past ten or fifteen years. Some predicted that such would be the case following the election of President Hoover whose mind easily lends itself to this particular nature of development, it seems.

As a result of this agitation there is being revived many projects upon which work has been done in the past, and hope apparently lost. Such is the case right here at home. Years ago a campaign was launched to make Red River navigable. Some progress was made. Our people lost hope and most of them quit working at the enterprise. And while we were idle other sections of the United States were busy drawing millions in government aid for the development of inland waterways. Many projects, said to be far less feasible than Red River, were handled successfully.

The present effort on Red River, however, is more determined or rather it has the backing of more people than have ever rallied to the cause before. Men who have closed their ears in the past to the Red River proposition are now leaning forward, so to speak, to get all the information they can and to give of a little time and effort to make the long-time dream a reality.

For more than a year the News has discussed this proposition at intervals, giving publicity to the work being done. The News has faith that some day the river will put it to work. If the job is too big for this generation it will be handled by the next. But why fear the task because of its enormity? Why fail to build bridges over streams of life we have already spanned, when there are others yet to follow? If from no other viewpoint we might consider others who will live here after this generation has passed on. But it is better to believe that we of today may profit from the accomplishment of this great, challenging task and then work assiduously to that end.

WHAT CAUSES IT?

NOT just now and then, but every day, some one advances a theory as to the cause of "depressions." Some say it is the old seven-year cycle rolling around and that it is just the natural thing. Others say it is a state of mind. Still others contend that it is time for a re-adjustment, that we must draw up the slack accumulated over a period of years. Then there are those who present the old argument that "there's just as much money in the world this year as there was last," etc., etc. But, whatever the condition and whatever may be the cause, one thing is certain and that is that continually howling about it will not help one iota.

BUYING POWER

MR. and Mrs. Public are enjoying the present buying power of their dollar. A dollar buys more now than it has in several years—in food, in clothing, in automobiles, radios and scores of other things. Merchants were quick to accept the new order of the day and promptly lowered their prices. Some have the erroneous idea that merchants are inclined to hold prices up to the trade even when the wholesale price is down. Such is seldom the case—among real merchants.

EVENTUALLY

THAT which many of us feel eventually will come to pass we often refuse to acknowledge. A case in point is the method of financing the building of roads and the readjustment of the tax plan. That it is just and desirable that those who use the roads should pay for them is not easy to deny. Many disagree with the plan for the present. Eventually such a system will be accepted in Texas—we believe.

FACTS WANTED

THE people want and rightfully so, the facts about anything in which they are generally concerned. The more facts you give them the better they like it. Any evidence of withholding facts regarding matters in which the public is concerned creates doubt, destroys confidence and breeds trouble. Newspapers should be encouraged in their efforts to give legitimate facts on things of public concern.

That has been quite a lively tilt between newspapers of West Texas and the Waco editor. Even some editors seem to enjoy being written about, even though it may not all be favorable comment.

An Up-State New York police chief has issued a polite request for householders to cease hiding the key under the doormat when they leave home. It seems the burglars have caught on to the habit.—Louisville Courier-Journal.

Having "troubles to burn" is something not to be made light of for the very simple reason that they nearly always smoulder.—Fort Worth Record-Telegram.

Provincial authorities at Toronto, Canada, are prosecuting an American citizen for possessing liquor. Eventually taking coals to Newcastle will become a statutory offense.—Seattle Daily Times.

Who's Who—Timely Views

"CALIFORNIA PLAN" OF STATE GOVERNMENT DESCRIBED AS PIONEER

By C. C. Young
 Governor of California

WE have devised one governmental feature in which, so far as I know, California is the pioneer, and which has already been quoted in other states as the "California plan."

In a word, we have not only grouped the work of our state government into departments, appointing as directors of these departments the ablest specialists we could secure, but we have made of these directors a governor's council, which at regular monthly intervals shall meet in the governor's office to discuss with him in orderly fashion the various problems which confront the state.

Under each of these departments the work is carried on by divisions, and at stated intervals the division chiefs are called into conference by their department heads in meetings corresponding in form and purpose to the meetings of the governor's council.

The laws creating state departments and the governor's council went into effect on July 20, 1927. On August 29, 1927, the first meeting of the council was held. This was a notable event, in that it was possibly the first attempt in an American commonwealth to assemble a board of directors who should discuss the business of the state in exactly the same manner that a similar board of directors might discuss the business of some great industrial corporation.

Unlike the latter, however, our council meetings are open to the press and the public, to the end that the people of the state may get a clearer notion as to the activities of their government. Unlike the latter, also, each director of this council is the manager of his own special department and has a complete knowledge of its activities. At each meeting he discusses with the governor and his fellow directors some important phase of these activities.

Frequently an issue is raised which involves other departments, and a plan for co-ordinated action is arranged around the council table. Occasionally a director finds some perplexing situation in his department which he feels is worth while to lay before the governor and his fellow directors.

Thus a governor is brought into constant touch with every phase of the state's work and in making his decisions on state problems is surrounded by a body of trained specialists upon whose counsel and advice he may rely.

WHAT OTHERS SAY

DROPPING CRIMINAL CASES

From the Texarkana Gazette:

THERE is a disposition on the part of many persons who lose articles by theft or are swindled by means of bad checks or other methods to drop prosecution if they can recover their property. This class of persons would rather recover their property and let the offender go unpunished than to secure punishment for the offender and lose their property.

Within the past week a case developed in Texarkana in which an innocent person was accused of theft. He was arrested and required to make bond for preliminary hearing. Before the hearing was held the true facts came to light, the real thief being discovered. The case against the man first arrested was dismissed but the other man was not arrested. It was stated that the man who owned the property didn't want to prosecute.

But how about the state? Does the state want a man known to have committed a theft to remain immune merely because some one doesn't want to prosecute? Isn't the state likely to suffer eventually directly or indirectly, under such a policy? When a man complains of theft or seeks to have a man arrested because of a bad check, he should be compelled to testify against the offender after the arrest has been made. No officer or court should be used merely as a collection to recover property or money where theft or fraud has been committed.

POSTAL ECONOMIES

From the Boston Globe:

POSTMASTER General Brown has been studying ways and means whereby the deficit in the operation of the mails can be eliminated. Not many weeks ago he suggested that the thing to do would be to increase the rates on first-class mail. This idea proved an unpopular one. It became speedily evident that the effect of such a change would be to add to the bill business has to pay for use of the mails, while other abuses in the postal service would remain.

Mr. Brown has now worked out another idea and is putting it into effect. The new economy plan consists in a curtailment of the expenses of the postal service through reduction of service personnel. In residential sections of several large cities—Washington, Baltimore, Philadelphia and others—the number of daily collections is being cut. Vacancies created by resignations or retirements "will be permitted to lapse," the postmaster general explains. In other words, the postal service is to dispense with part of the personnel, and under certain conditions with frequent collections of the mail.

How popular this latest effort to reduce the postal deficit will be remains to be seen. The postmaster general is confronted by an unenviable problem and doubtless if the excess of expenditures over income is to be halted drastic reforms of some kind are in order. But is this quite the right moment to clip down the personnel of the service? Are there no other departments of the postoffice where economies might be better achieved?

We could never believe there was anything exciting in the game until we read of the golfer who threw his clubs and his caddy into the lake.—Pascals Daily Herald.

MUCH ADO ABOUT LITTLE!

Guiding Your Child

NATURAL SINFULNESS
 By Mrs. Agnes Lyle

Everyone feels that there is something very much the matter with a child who never gets angry, who never tells anything but the truth and who is always a shining example of obedience.

Yet it is toward this ideal that most of our training tends.

Fortunately there is enough of inborn wilfulness, curiosity, perseverance and wish for pleasure in almost every youngster to make it impossible for him to become that deadly dull and spineless thing we call a model child.

Every normal child experiences moments of anger—moments when he hates with a whole heart and when, if he could, he would gleefully hurt and destroy. Unless he is very stupid, he at some time or other feels the impulse to embody the truth or to tell an out and out lie in order to

secure a pleasure which would otherwise be denied him.

Now and then he is bound to be disobedient, too, if he is reasonably sure he will not be caught and punished.

In fact he is often quite ready to face certain punishment if the pleasure which his disobedience brings him is great enough.

All these tendencies in children are wholesome and natural.

Our training should not consist in an effort to blot out these impulses but to teach the child to control them within the limits necessary for a pleasant existence for himself and those with whom he must learn to live.

Above all we should not take these outcroppings of human nature too seriously nor meet them with a kind of moral shock.

We should recognize in them the elements which are necessary to make a colorful, interesting and successful life.

A NEW YORKER AT LARGE

By Mark Barron

NEW YORK, (P)—Perhaps the most fantastic office in town is that of Ted Harris, the theatrical impresario who, somehow, always reminds one of Poe's raven.

The decor of his office is featured by a miniature gallow, from which swings a corpse made of gray crepe. It gives a gruesome effect when ganging back and forth in the wind.

There are two Twelfth streets in New York, but one of them is called Little West Twelfth Street. They confuse even taxi drivers.

Pilgrims returning from Hollywood report that in the five-and-ten-cent stores one may purchase pictures of one movie star after another. But those of Maurice Chevalier cost ten cents.

Jesse Livermore, who is what one might call a Wall Street magnate, has a hobby of collecting rare Italian fireplaces.

Gay Moments
 Cherry Hill is famous as a neighborhood for pioneer, conservative New Yorkers.

Yet, in a much earlier age, it was the location of this town's first outdoor cabaret. Tea and otherwise was served at tables beneath the cherry trees, and the principal amusement was a bowling green.

Another conservative neighborhood, Astor Place, has had its more frivolous moments. John Jacob Astor bought the square when it was a flower garden and then leased it out as a dancing pavilion.

The office of Robert Edmond Jones is the favorite gathering place for scenic designers.

It is in the loft of an erstwhile stable across the street from the Metropolitan Opera House. Here all important artists and showmen gather for informal discussions of newest trends of interior decoration, stage designing and silk patterns.

Backgammon is the newest fad of the smart set. Several stores have opened special departments for this game.

The depression caused by the Wall Street crash is reflected even in the style shows.

Tunics have again become stylish because a dozen of them can be purchased at a low price and worn with the same skirt, thereby giving a new costume with every tunic.

Also, one of the town's most exclusive shops advertises "champagne styles on a beer purse."

Lions Club Will Honor Teachers

The annual dinner given by the Lions club in honor of the teachers in the Paris public schools will be held Thursday evening at the Gibraltar hotel at 7:30. The Bachelors' group, with Sam Weiss as chairman, will have charge of the meeting, which takes the place of the regular noon luncheon.

About 100 teachers are expected to attend.

The program of entertainment for the evening includes a short talk by J. G. Wooten, city superintendent of schools; a skit by Nellie Anderson; violin selections by Prof. R. M. White, of Clarksville, and vocal selections by Mrs. Frank Fuller.

Red River County Cooperative Grows

Special to the News

CLARKSVILLE, Sept. 24.—The Texas Cotton Cooperative association station here grows daily in popularity. More than a hundred bales a day are being handled. Tuesday's receipts were about 175 bales.

An intensive organization campaign is being waged over the county day and night, headed by F. A. Caperton of Vernon and his assistants who were appointed by the Clarksville chamber of commerce, John E. Barry as chairman, and S. B. Fryar, C. E. Williams, W. S. Richmond and E. W. Bowers.

Coming and Going of Clarksville People

CLARKSVILLE, Sept. 24.—Mr. and Mrs. John S. Gordon of Chicago have been the guests this week of Mrs. J. E. Spencer.

Dr. and Mrs. N. P. Doak of Houston are house guests of Mr. and Mrs. A. L. Robbins.

Rev. H. Virgil Reynolds of Denton is here to assist in the Baptist revival.

Miss Pansy May Tipping went to Commerce Tuesday to enter school.

Miss Margaret Marable has returned to Dallas.

Mr. and Mrs. Charles Swain have returned home from a visit in Tennessee and Indiana.

Mr. and Mrs. Raymond Cornelius of Dallas are guests of Mr. and Mrs. W. P. Cornelius.

Clyde Milan and family have returned from Birmingham, Ala., where he was manager of the baseball team.

Mr. and Mrs. George Sunkel

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

The baby needs far more water than the adult. This means of course in proportion to body weight. Pounds for pounds, baby uses three times as much water.

Some of the most serious conditions of infancy are due to excessive loss of water from the body—dehydration as it is called. The reason for the baby's need for water is that his energy goes on at a faster pace, and the water is needed to increase the heat output, doing this by evaporation. For this reason, the very best thing as symptomatic treatment for a baby's fever is water.

When an infant has a severe diarrhea the water loss is very great on account of the watery stools, and one of the imperative things in the treatment of the condition is to get water inside the baby somehow. Vomiting results in the same thing. Since the baby can't retain water given by mouth in these conditions, it has to be given by the doctor or nurse hypodermically.

Lack of enough water in the baby's diet prevents a normal gain in weight. In diarrhea and vomiting so much water above the intake, a rapid loss of weight occurs, and results in the most serious symptoms.

Another factor of the utmost importance in infancy is the supply of well known vitamins. A generous supply of all the vitamins is absolutely necessary for the baby's proper health and development. The adult can get along with a

moderate supply of all the vitamins. Furthermore, the average adult diet is more likely to contain generous supplies of the vitamins than the infant's.

Mother's milk contains all the vitamins except possibly E, but it may be deficient in "A" and "B," and even others, depending upon the diet of the mother. Cow's milk has more "B" than mother's milk, usually. But in the case of cow's milk, pasteurization or boiling may destroy large amounts of the vitamin necessary vitamin "D," and the process of autoclaving milk as for condensed milk, entirely destroys it. Hence, for artificially fed babies the addition of vitamin "D" is advisable in the form of orange juice.

Mothers who are nursing babies should eat plenty of fresh fruits and vegetables in order to assure the vitamin "D" content of their milk.

Likewise vitamins "A" and "D" should be added to the food of artificially fed infants, and possibly to many of those who are breast fed. If the nursing mother eats enough green vegetables, butter, and eggs, it is probable her milk contains enough vitamin "A." Vitamin "D" can easily be supplied in the form of cod liver oil.

Another thing the baby, or in its place the nursing mother, should have in the diet is pigment. It is used in blood building. It can be obtained in spinach and carrots, and the yolk of eggs.

(EDITOR'S NOTE: Dr. Clendenning cannot diagnose or give personal answers to letters from readers. Where questions are of general interest, however, they will be taken up in order, in the daily column. Address your questions to Dr. Logan Clendenning, care of this paper. Write legibly and not over 200 words.)

Backward Glances

By A. W. NEVILLE

A good many years ago, forty or more in fact, there arrived in Paris one day from the Texas and Pacific west-bound train a woman who asked a hack driver who solicited her fare if he knew the location of the boarding house. Being told that he did she got into the vehicle with instructions that she be taken there. It was a well-known house with the best of reputation.

Arriving in front of the house the passenger alighted and telling the hack driver to wait she walked up the steps to the porch, crossed to the door and knocked. This is the story the hack driver told:

The woman who with her husband conducted the boarding house came to the door and when she had opened it the two stared at each other a long minute. Then the visitor said:

"What have you done with my husband?"

The answer and the short exchange of words that followed were not heard by the hack man and the visitor came back to the hack and told the driver to take her to a hotel, which he did. On the way she told him, he said, that her home was back in one of the southeastern states, where several years before she had married.

Some time after her marriage her husband disappeared and her sister vanished at about the same time, neither leaving a trace. The woman at the boarding house, she said, was that sister, and her husband was the man who had been the husband of the newcomer.

How she got on the trail, learned the name under which they were living and where they lived she did not reveal, and she took the next train out of Paris.

13 Years Ago In The News

From the files of The Paris Morning News thirteen years ago today.

Tuesday September 23, 1917

J. R. G. Long was elected city attorney in the special election to fill the vacancy caused by the resignation of George Blackburn who had gone into the army.

Cotton was slow opening and the farmers reported dew so heavy that they could not get into the fields before 9 o'clock to start work.

Numbers of white people were going out to the cotton fields on accounts of the good price paid for picking.

Information was received in Paris of the death of Mrs. R. C. Buckner in Dallas. She was about 89 years old, and had come to Paris with her parents when a child and lived here until Dr. Buckner established the orphan's home near Dallas.

It has bullion shoulder knots, gleaming buttons, wide stripes down the trousers and all the rest of it. And, being in uniform, it was only proper for His Excellency to display his military decorations.

Truly there has been no American diplomat in a long time so handsomely set out. And the outfit must have been specially ordered for that Ottawa show.

Jack's actual soldiering was done under a tin hat.

ty farmers, Joe Carey, Sheb Wilson and Richard Nunnally, negroes, were arrested and held in connection with the case.

Complaining witnesses are J. T. Leard, Irvin Kirkham, H. M. Cook and W. M. Kinslow. It is alleged that harness and farming implements were taken from the farms of each several weeks ago.

Officers investigating the incident located the property in a barn at Fort Towson. The men named above as complaining witnesses identified various articles as theirs property.

Fort Towson Banker Held to Grand Jury

Special to the News.

HUGO, Sept. 24.—George Hall, Fort Towson banker, charged with receiving stolen property, was bound over to the district court at a preliminary hearing before Justice L. W. Oakes. His bond was set at \$500.

The charge against Hall was filed in connection with the investigation by county officers into the alleged theft of harness and implements from four Choctaw counties.

have come from Tyler to make their home here. Mr. Sunkel will be connected with the McCullough Grocery company.

Miss Margaret Funk has gone to Commerce to enter school.

TEXAN CHARGED EMBEZZLEMENT

J. H. Branard, Registrar of Federal Land Banks of Texas Charged

HOUSTON, Sept. 24 (P)—A complaint charging J. H. Branard, 50, registrar of the Federal Land bank and joint stock land banks of Texas with embezzlement of \$19,000 in bonds from the Federal Land bank of Houston was filed here Tuesday afternoon with United States Commissioner Winston McMahon.

Branard, who accompanied secret service operative Edward Turrell of San Antonio to the commissioner's office on his trip to file the complaint waived preliminary hearing and entered a plea of guilty to the charge, explaining at the time that he was "heavily in debt."

With the Federal grand jury in session here now, Federal officials anticipated the case would be referred to the inquisitorial body immediately.

The complaint charged the embezzlement took place "on or about March 24," nineteen \$1,000 bonds of the Dallas Joint Stock Land bank were alleged to have been taken, but five of the bonds were returned to the bank by Branard Tuesday.

Filing of the charge followed a ten day investigation by the San Antonio Secret Service operative, made at the instigation of C. C. Boyen, district examiner for the farm loan board, under which Branard held appointment.

The accused man was well known in banking circles and had been registrar for this district for the past ten years. The office held by him is an official position under the government.

John Van de Mark, secretary of the bank here, said the loss, which was reduced to \$14,000 by the return of five of the embezzled bonds was fully covered by Branard's bond.

North Texas —and— Over the River

PALESTINE—B. H. Brooks, 71, a native of Anderson county, died Sunday at his home in this city. He was a farmer.

ENNIS—Dr. J. F. Forehand, a pioneer physician of Ellis county, died at his home at Bardwell Tuesday. He had been practicing in this county more than 50 years.

SHAMROCK—A preacher at Shamrock is in a quandary. A deputy game warden arrested him for unlawful possession of a coyote and the state statutes forbid turning the animal loose.

SMITHVILLE—Fred Ritchie, 13-year-old schoolboy, was wounded by a bullet that was fired by officers at a fleeing negro. The boy was watching a golf game.

ROCKDALE—With the exception of one or two places the business section of Milona burned Monday. Fire apparatus from Cameron and Rockdale were called.

McKINNEY—Heavy planting of fall oats, wheat and barley are in prospect to supplement short feed crops in Collin county. Thousands of acres have been plowed and are ready for planting, awaiting rain.

SULPHUR SPRINGS—Recent rains over Hopkins county have been a benefit to grain sorghum, vine and ribbon cane crops. Farm and garden products are being marketed daily.

LONGVIEW—The largest acreage of grain and vetch for winter grazing ever sown in Gregg county will be the result of an intensive campaign conducted by the East Texas chamber of commerce.

DALLAS—Three sets of twins, all living in the same block and all girls, is the boast of a block on Pennsylvania avenue. Four of the twins are attending school.

ADA—J. D. Sloan, taxi cab driver and pioneer resident of Pontotoc county, died Tuesday after being injured Saturday in an altercation with the driver of another cab.

DURANT—Fifty business men from here are expected to attend the district meeting of the East Texas chamber of commerce to be held at Denison Sept. 26.

SHERMAN—The Gray-Tex Co. of Sherman has leased 80 acres of the Mary Riley farm near Pilot Point in Cook county and will start drilling within a few days.

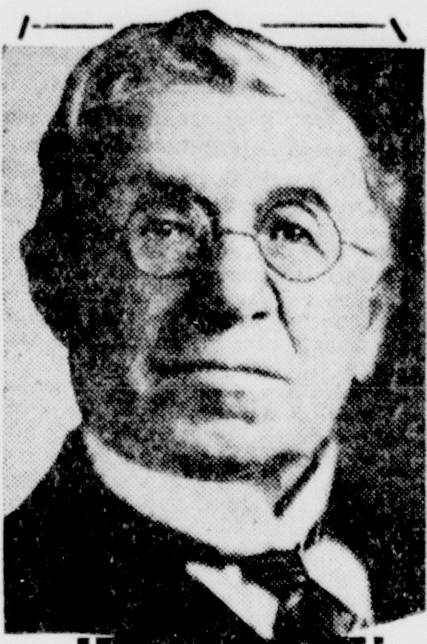

BONHAM—H. S. Cole, manager of two motion picture theaters, was arrested Monday on a charge of operating a picture show on Sunday. This is the second charge against Cole.

McKINNEY—The Plano Cotton Oil company's abandoned plant was destroyed by fire Saturday night. The press room and two large seed houses were consumed.

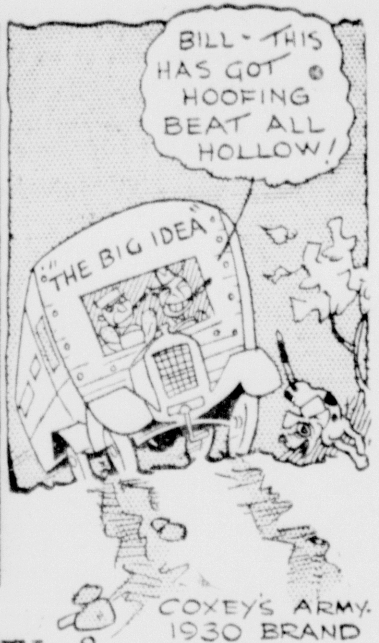

DALLAS—After being kidnapped and brought to Dallas from Oklahoma City via Greenville, 4-year-old Dorothy Griffith was restored to her mother here Tuesday. The mother refused to press charges against the woman who kidnapped the child.

LEONARD—The Leonard community free fair opened here Wednesday. Agricultural exhibits, live stock, home economic work and community displays will feature with a football game as an added attraction.

General Coxey Marches Once More For "Idea" With Truck as "Army"

Gen. JACOB SECHLER COXEY

COXEY'S TRUCK

By Bonita Witt
Central Press Staff Writer

MASSILLON, O.—Coxey's army is on the march again! This time, however, instead of a ragged army of followers consisting of only two men, the crew necessary to care for the motor truck in which he is traveling.

Today, with his truck, he travels as far in a few hours as his "soldiers" marched in a week, but he's still the same Coxey, telling the same story—grayer, older, and 75—but the fire is still there.

It was "The Big Idea" that took Coxey and his followers to Washington, D. C., 36 years ago, hoping to bring attention to the bill he called by that title, which provided for ready money for public improvements, especially roads, thereby relieving the then pressing unemployment situation according to its author. Now, with the country having another unemployment crisis, Coxey again is touring the country with "The Big Idea." His route has carried him through South Dakota, Iowa, Nebraska, Kansas, Missouri, Illinois, Arkansas, Indiana and Michigan, in most instances through the congressional districts of those members of the house banking committee who either voted against or to table the bill, which he has up again.

Coxey's Proposal
Coxey proposes that the federal government provide for the nationalization of legal-tender money without interest, secured by community non-interest hearing bonds for public improvement. Thus he reasons that communities could begin extensive improvement programs and give employment to thousands of men. He explains that a city desiring to undertake a \$50,000 construction program, would deposit non-interest hearing bonds with the federal government and receive that amount of money, less 1 per cent service charge. The bonds would be retired at the rate of 4 per cent a year over a period of 25 years.

Prohibition as a reason for unemployment is attacked by the general, who declares: "All this talk of prohibition is a smoke screen raised to take the public mind off unemployment. People today are hungry, they need something to eat—not drink."

"The real reason for the present depression is the manipulations of Wall street banks which have succeeded in financing, aided by brokers (bunco steers), the various mergers by underwriting their stock at \$20 and then maneuvering it so as to draw from the country banks the savings of the people buying such stock at from \$25 up to as high as \$400 per share."

Coxey's View
"After they had all of the say."

ings of the people up as margins, 35 per cent, and held the stock as collateral at 65 per cent on call, the stocks and these Wall street bankers were hailed as benefactors after having left the country banks without credit or money."

On his present tour he had as encouragement the knowledge that his bill came within one vote of reaching the floor of the house. Coxey believes as implicitly in the practicability of his plan as he did three decades ago, and he has an abiding faith that, if he only can reach enough people they will see the wisdom of his teachings and Coxey's "Big Idea" will become a reality.

But economists declare the solution of depression lies deeper than Coxey realizes.

SHERMAN—The unemployment situation in Grayson county has been somewhat relieved through other means given farmers and others on the highways that are now being built in Grayson county, it was stated by officials here.

"My Appetite was poor I had lost weight—felt run down. Now feel fine."

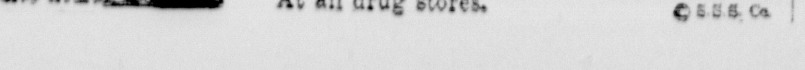

Miss Lottie Bell Pulliam, Knoxville, Tenn., writes:

"My appetite was poor. I had lost weight—was nervous and could not sleep well at night. In my rundown condition even my joints ached. I took seven large size bottles of S.S.S. It greatly improved my condition. My appetite picked up. My weight was restored and I now feel fine—in fact, I feel like a new person. S.S.S. is a splendid blood tonic and I recommend it to my friends. My mother also took S.S.S. and it renewed her strength."

S.S.S. is the Tonic that is daily helping thousands of weak, rundown, nervous people regain their strength and charm

MORE red-blood-cells and of the right quality! That's the answer to a rundown condition. They fight infection and disease. The way to regain them is to take S.S.S.—the tonic that will help Nature build up and enrich your blood. Then your appetite will pick up. Your skin will clear up. Your whole body will be strengthened, invigorated!

Don't wait until it is too late to correct a rundown condition. ANEMIA is DANGEROUS. Take S.S.S. before each meal. Its successful record of over 100 years in building red-cells in the blood is a guarantee of satisfaction. Get the large size. At all drug stores.

FORD'S ACADEMY

FORD'S ACADEMY, Sept. 23.—Everybody is picking cotton; some are nearly completed. Crops are very short. Turnip seed sowing is general since the showers.

There was a party at Mrs. Huse Vinson's Thursday night. Mrs. Thelma Jenkins spent Friday in Paris.

Constable W. H. Hall of State Shoals was in our community Monday summoning witnesses for the grand jury.

Mrs. P. C. Bailey is visiting her brother at McCary, Ark. Mrs. Emma Millington of Dallas is visiting here.

Our school will open soon and it is understood the teachers have rented a house from Lloyd Ford.

R. B. Caviness, who is attending business school in Paris, will spend the week end with his mother, Mrs. Alice Caviness.

Mrs. Jennie Jenkins has moved her father, Mr. Barnett, from the hospital to her home. He is improving rapidly.

JENNINGS

JENNINGS, Sept. 24.—Mr. and Mrs. Hammett are visiting in Louisiana. Mr. Thrasher of Lowman is in this community on business.

Mr. and Mrs. Volle Rogers spent Sunday at Ballinger. Mr. Orby and daughter, Mr. and Mrs. Rhoades and Grandma Orby and Mr. Robbins of Paris took dinner with B. F. Slusher and family Sunday.

GIRL CONQUERS ENGLISH CHANNEL

After 19 hours spent breasting the treacherous water of the English Channel, Miss Peggy Duncan, 19 years old, nears the shores of the tight little isle. Miss Duncan, who hails from South Africa, started from Cape Gris Nez and completed her arduous swim at South Foreland, about three miles from Dover. This photograph was taken as she plunged on only 100 feet from her destination.

This community on business.

Mr. and Mrs. Volle Rogers spent Sunday at Ballinger. Mr. Orby and daughter, Mr. and Mrs. Rhoades and Grandma Orby and Mr. Robbins of Paris took dinner with B. F. Slusher and family Sunday.

Mr. Thrasher of Lowman is in this community on business.

WHITEROCK

WHITE ROCK—Rev. Mr. James preached here twice Sunday. Some of our people attended service at Harmon Sunday.

Some young folks from Harmon attended church here Sunday night.

Mrs. J. H. Crofford has gone to Lubbock to visit. Miss Ethel Thompson and Aubra Thompson of Reno visited here Friday night.

Farmers are gathering cotton while the pretty weather is here. They are not making as much cotton as last year.

Sam Kilpatrick and family spent Saturday night and Sunday with his father south of Honey Grove. Della Brown and Garvin Crofford, Jr., are attending school at Petty.

New popular-priced range with Perfection quality and Perfection labor-saving features

ONLY \$7.50 DOWN

One of 13 beautiful new ranges... \$57.50 to \$148

YOU may have asked your dealer for a stove like this. Even if you haven't, you will surely be interested in learning that you can now get a genuine Perfection oil range with built-in oven, for less than the price of many stoves with separate ovens.

To make the bargain better still, there is a new Perfection Purchase Plan which places it in your kitchen for only a few dollars down.

With the exception of the famous combustion principle which makes any Perfection welcome in a kitchen, the most desirable feature of this new stove is its really remarkable oven. It is unusually roomy, even for a larger-size stove... constructed on Perfection's exclusive "live heat" principle, and fitted with an accurate heat indicator.

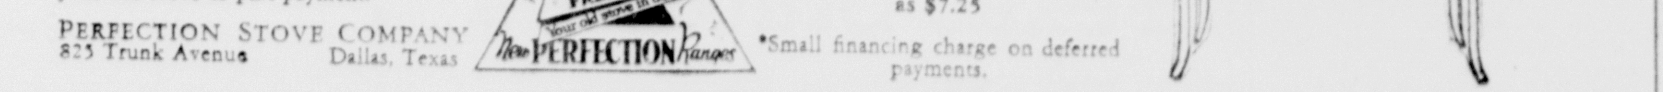

The design of the stove is modern and compact, getting plenty of room for cooking into small floor space. It is finished in a pleasing combination of silver-gray porcelain and satin black.

There are four Perfection burners with long chimneys, which furnish swift, clean heat.

Other beautiful new ranges, some of which are shown here, offer you a wide variety of styles and colors and prices. Any of these models can be bought on a new Perfection Purchase Plan which your dealer will be glad to explain to you. Go and choose your range now, and let it go to work for you today.

Any dealer displaying this sign has an interesting offer to make you on putting a new Perfection range in your kitchen for a free trial, giving you easy terms, and accepting your old stove as part payment.

BLACK TOM CASE BEFORE TRIBUNAL

Germany's Counsel Con- tends America's Claim Basis is False

THE HAGUE, Sept. 24. (AP)—An Echo of the Black Tom munitions explosion that shook a great part of the New York metropolitan area in 1916 was heard before the mixed tribunal hearing claims against Germany for damages incident to the world war.

Germany's contention that the explosion was not engineered by her agents was presented by Dr. Tannenbergh who attacked the evidence presented by the Americans. He pointed out that the American spokesman before the tribunal had contended that a German named Kristoff had been the sole perpetrator although he was employed by Captain Frederick Hirsch, German secret service agent. Tannenbergh insisted Kristoff's "so-called confession" to a detective of the Burns Agency was inconsistent with an established fact. According to the confession Kristoff had placed dynamite on a large steamship loaded with powder. It has been shown, the German representative told the tribunal, that the time of the explosion there were only barges at the Black Tom terminal and that the first blaze appeared from the inside of a cart.

There is no evidence whatsoever, he declared, connecting Kristoff with the Black Tom disaster or showing that he was employed by the German government.

PERSONAL

Miss Gladys Chance of Atlas was shopping Wednesday in town.

Mrs. G. A. Scott was in Paris Wednesday from Ladonia.

Mrs. H. L. Bell of Minter was shopping Wednesday in Paris.

THE 30 AIRMAIL LETTERS FROM 30 CITIES. During a recent "Believe It or Not" Contest, conducted by the Seattle Post-Intelligencer, Mr. Oscar Shaw McDowell of Seattle collected and submitted 30 correct answers from 30 different major cities, mounted on an airplane propeller. Mr. McDowell set a record for such a collection, the 30 letters representing 154,380 miles covered in 22,750 minutes.

AUDA ABU TAYI KILLED 86 MEN IN COMBAT. This suggestion was submitted by the world famous writer, Lowell Thomas. Audu Abu Tayi, chieftain of the Howaita tribe, is considered the most famous fighter in the Arabian Desert today, and during the Arabian Revolution was an intimate associate of the well-known Colonel Lawrence. During his innumerable raids on the desert tribes, Audu has killed 86 men in hand to hand combat—not counting the Turks, whom Audu considers as women.

MALE MOSQUITOES CAN NOT BITE. A meal of blood by the female mosquito is a requisite to the maturing of eggs. That is the reason for the female's bloodthirsty habits. The male requires no such diet and is generally harmless.

is, was resting as well as could be expected. She has been visiting her sister, Mrs. G. W. Swanson.

Miss Katherine Patton of 114 South Twenty-fifth street is at St. Joseph's infirmary for a major operation.

Miss Lois Wright, daughter of Dr. and Mrs. W. M. Wright, is at St. Joseph's infirmary for an operation.

Mrs. W. C. Jenkins of Arthur City, who had her arm broken in a fall at her home, was able to leave the Sanitarium of Paris Wednesday.

Dr. M. A. Estep, who has been under treatment at the Sanitarium of Paris, was able to return Wednesday to Cooper.

Mrs. M. A. Flynn has returned from Los Angeles where she spent the summer with her daughter, Mrs. A. R. Hayden.

Miss Virginia Wardell, who has been a patient at the Sanitarium of Paris, returned Wednesday to her home at Avery.

LA FOLLETTE

(Continued from Page One)

automobile nearly 5,000 miles, and he has made as many as 10 speeches in one day.

Phil's bent for politics comes naturally to him. His father thrived

on politics and campaigning. Phil began to imitate him early in life.

Phil began speaking in public fully 10 years ago. Even as a student in the law school of the University of Wisconsin where he now holds a lectureship, Phil passed a great deal of his spare time in the office of his father's magazines and much of his work there was meeting persons interested in the progressive cause which his father espoused. Political contacts he began in those days stayed with him and grew when his father died it was he as much as any other person in the progressive ranks who kept the movement together.

Stumped for Father

Again both Phil and his older brother, the senator, often took the stump for the father when the elder La Follette made his lone bid for the presidency in 1924. Shortly after that, Phil made his campaign for district attorney in his home county—his first political attempt

and won. His father did that very thing 40 years before him.

Phil is smaller than average height and slight of build, but he is energetic, wiry and has a broad smile. He doesn't walk—he almost runs. And when he speaks it is with a vim reminiscent of the energy of his father. Indeed, those who hear him on the platform immediately mark him as a "chip off the old block" and recall that in 1924 whenever the father grew tired of his stumping, Phil often was called upon to supply the fire-works.

Just Like His Dad

His hair droops over his forehead much in the same manner as his father's hair drooped, and he tosses it back in the same manner his father did. When in the heat of speech making, he finds his coat uncomfortable and flings it off as often did his dad, and he also opens his collar which was a habit of the late senator.

The two La Follette boys, the senator and the next governor, both attended school at the University of Wisconsin here, and in Washington.

Seven years ago Phil married Isabelle Bacon of Salt Lake City, who was a student at the university with him and who did social welfare work among immigrants in Bayonne, N. J., after her graduation. They have two children, Robert Marion La Follette III, who now is four years old, and Judith, two years younger.

Matches and smoking caused 43 fires, the second largest class of the month, with electricity following closely behind with 41 fires doing damage to the extent of \$99,105. Smokers and careless match tossers sent \$23,214 worth of property up in smoke, while the toll of fires started by lightning, \$122,305, was slightly ahead of the incendiary fires, which destroyed \$121,468 worth of property. Gas, Texas' great commercial fuel, caused only five fires which did \$5,378 worth of damage.

Fire loss for the state of Texas during August was \$1,200,919, figures just released by J. W. De-weese, fire insurance commissioner, show. As usual fires of unknown causes led both in number and damage done. There were only two motion picture show fires during the month, with a total damage of \$5,450.

The August fire loss is considered large for this month, especially in view of the fact that 61 fires started in vacant houses and 37 were incendiary fires. In his report of fire losses the commissioner urges thorough investigation of all fires that were of incendiary origin or began in vacant houses in an effort to stamp out this class of fires.

Smokers and careless match tossers sent \$23,214 worth of property up in smoke, while the toll of fires started by lightning, \$122,305, was slightly ahead of the incendiary fires, which destroyed \$121,468 worth of property. Gas, Texas' great commercial fuel, caused only five fires which did \$5,378 worth of damage.

Fire loss for the state of Texas during August was \$1,200,919, figures just released by J. W. De-weese, fire insurance commissioner, show. As usual fires of unknown causes led both in number and damage done. There were only two motion picture show fires during the month, with a total damage of \$5,450.

The August fire loss is considered large for this month, especially in view of the fact that 61 fires started in vacant houses and 37 were incendiary fires. In his report of fire losses the commissioner urges thorough investigation of all fires that were of incendiary origin or began in vacant houses in an effort to stamp out this class of fires.

Matches and smoking caused 43 fires, the second largest class of the month, with electricity following closely behind with 41 fires doing damage to the extent of \$99,105. Smokers and careless match tossers sent \$23,214 worth of property up in smoke, while the toll of fires started by lightning, \$122,305, was slightly ahead of the incendiary fires, which destroyed \$121,468 worth of property. FILLING STATION OPERATOR SHOT

Suffering Flesh Wound, Youth Treated at Local Hospital

Dupont Province is at St. Joseph's infirmary suffering from a flesh wound in his left breast, sustained at the Cities Service gas station on North main street about 3 o'clock Wednesday morning. Province's wound, which was inflicted with a .25 automatic revolver, is painful but according to attending physicians, not dangerous.

According to a statement made by Province, he had just arrived at the station when a negro drove up in a 1929 model two-door Ford sedan, and bought nine gallons of gas. When he had finished filling the car Province went into the office, followed by the negro, who proffered a ten dollar bill in payment for the gas.

Province told officers he had to open the company safe to get change for the bill. When he tendered the change the negro put his money back in his pocket and asked the change, about \$8, and started to run. Province said he struck the negro and then clinked with him. As he did so, he said the negro shoved him back and fired one shot from the revolver. So close was the muzzle of the gun to the wounded man's body that it caused powder burns, and pieces of cloth adhered to the gun, which was found by Motorcycle Officer Gus Cothran, who also found the discharged shell.

After being shot Province said he released the negro, who ran to his car and headed north. Province then walked out of the door of the office, sat down with his back against the office building and collapsed. A physician was summoned and Province was taken to the infirmary for treatment.

A small gun had been in the desk at the station, according to Province, and he said the gun was secured by the negro while his back was turned. The drawer of the desk showed blood stains and there were also blood stains on the floor of the office building.

Officers were notified and roads leaving the county were watched for the negro. Province stated that he had never seen the negro before.

Jack Doyal Dies Here Wednesday

Jack Doyal, 22 years old, died Wednesday afternoon at 1:40 o'clock at his home, 17 North Twelfth street, after an illness of about two weeks. Funeral services will be held Thursday afternoon at 4 o'clock at Mt. Tabor church, conducted by the Rev. J. Roby Ward. Burial will be at Mt. Tabor cemetery.

Surviving are his father, his step-mother, one brother, Howard Doyal, his wife and an infant daughter, Patsy Ruth.

Mr. Doyal had been employed by the Paris Candy company, which will be closed all day Thursday.

Pallbearers will be W. H. P. Anderson, Hugh Anderson, L. E. Hopkins, Paul Burge, Alfonso Burke, and Paul Crisp.

valuation of the physical property exclusive of the lease."

This lease was the hub around which the congressional controversy revolved last session and now is being investigated by the special senate committee headed by Senator Blaine, Republican, Wisconsin, along with the hundreds of other government leases. The government is withholding rent on this station pending court settlement of its attempt to acquire the property by condemnation as a site for a new federal building.

In addition to the 193 leases Brown would terminate in the next five years, 193 which do not expire until after 1935 also would be canceled as rapidly as possible.

"These 391 leases are graded as 'major leases' and carry rentals above \$6,000 a year each. All of the properties are situated in large cities and include 264 station and branch leases and 37 garage leases."

"It is these leases," Brown said, "which generally result in excessive costs for the space occupied."

The 391 buildings were placed in two categories. Seventy-eight station and branch structures and 14 garage buildings were regarded as suitable for purchase and Brown proposed they be taken over immediately. The rental on these 92 properties amounts to \$2,145,331 and they have a value of \$19,060,993.

Brown estimated these could be purchased for about \$21,800,000 and thereby save the government \$350,000 a year over the 20-year period estimated as the average remaining life of the buildings or about one-third the expenditure necessary to continue paying rent.

Dragons Go Through Last Hard Workout Before Clash With Burleson on Friday

INJURIES CREEP INTO LOCAL CAMP AS GAME IS NEAR

Barnett's Leg Hurt; Copeland, 200 Pound Tackler, Out of Play

With the clash with Burleson a matter of hours away, the Dragons were sent through their final hard workout of the week Wednesday afternoon. Only light signal drills will be indulged in today, after which the charges of Coaches Berry and Hollis will mark time until 5:15 o'clock Friday afternoon, when they trot onto Wise field for their opening engagement of the 1930 season.

Injuries, the perpetual bugaboo of football coaches everywhere, have crept into the Dragon camp, with the result that "Bull" Copeland, 200 pound tackler, will probably be lost to the team Friday afternoon. Copeland injured his shoulder in Wednesday's workout and should be out of play at all Friday if he is only a short time. Seth Barnett, scrappy little guard, is suffering from a leg injury received in Tuesday's scrimmage, but will be ready by Friday.

In Wednesday afternoon's practice the air was filled with football, indicating that the Dragons intend to be ready to turn to the air for touchdowns at any stage of the game. Against a team of college squad men, the Dragons completed a vast majority of the passes tried, including short passes, lateral passes and backward passes. With Hatfield, O. B. Briggs, Crouch, Moore and Watson on the throwing end of the aerial heaves and such men as Withers, Patterson, Clements, Lewis, Captain Shelton and Dixon on the receiving end the Dragon aerial circus should be a classy show Friday. When he is not tossing passes Briggs is a good receiver, with the same holding true of the other backs, and in McDowell the coaches have another back who can throw or catch passes with equal abandon.

Along the lines of a running offense the Dragons have to offer a menu that reads about like this: Hatfield, fast, shifty and a heady ball carrier; Crouch, extremely fast, shifty and hard to bring down once he gets into an open field; Moore, not so fast as Crouch but about as shifty and with a stiff arm that plays "hands off" to would-be tacklers; Watson, as fast as Crouch and a good broken field runner; McDowell, a bit slower than Watson but at the same time a bit more shifty and a wonder at reversing his field for big gains; Briggs, power off the tackles and a spinning, driving and shifty ball lugger; Dixon, 190 pounds of concentrated ball totting ambition that carries him through, over, around or some how by the opposition's line and Captain Max Shelton, who does on off tackle thrusts and blocking opponents so that his mates may carry on into the enemy's territory.

Of this group every one is a passer of some ability, most of them with marked ability and Hatfield, Crouch and Briggs capable kickers. In addition, Withers can be called from his end position to do a good job of booting the leather far down the field whenever the occasion arises.

Leading the interference for the Dragon ball carriers will be five capable guards, Seth Barnett, Earl Bell, Bennett Hardy, Thomas Hunter and Roscoe Jones. Barnett and Hardy are the fastest of this quintet in coming out of the line, with the others sufficiently fast as not to delay the play. The tackle positions will be well taken care of by Paul Briggs, Bill Staples and

Seeks Middle Honors

Allie Wolf, former national intercollegiate champion, turned down a job in a broker's office and a chance to join the New York Yankees to throw in his lot with the ring and try for a crack at the world's middleweight championship.

Ivan Nations, with Copeland seeing action if his condition will permit. Dixon, 190 pound back, can be shoved into a tackle position as can Bell, leaving the coaches well supplied with reserve strength at this vital point.

Colonels Beat Red Wings in Little Series

ROCHESTER, N. Y., Sept. 24 (AP)—One big inning in which they scored six times was sufficient to give the Louisville Colonels, American Association flag winners, a 7 to 3 victory over the Rochester Red Wings, International league champions, here Wednesday in the first game of the 1930 little world series. The timing was the fourth. Through two wide breaches in the home club defense, the Kentuckians poured four hits and two walks for their winning margin.

Roberts' vaunted attack netted them eleven clean hits, two more than their rivals were able to answer, but they were unable to connect with the offerings of Phil Wehner, rugged Louisville left hander, in the pinches. Wehner pitched a cool, heady game.

Big Six

By the Associated Press. Another off day in the major league schedule brought only two members of the big six into action, Babe Herman and Chuck Klein, who were sent against each other and Herman came out a trifle ahead in the struggle, although Klein hit twice in five times up to hold his average at .393 while Herman had only one hit in his fourth home run, in four attempts. His mark dropped one point to .321.

The standings:

	G	AB	H	Pct
Terry, Giants	152	625	253	.404

M'CARTHY GOES 10 EXTRA HOLES FOR WIN OFF VON ELM

Bobby Jones Comes In With Flying Colors Wednesday

By Alan J. Gould

Associated Press Sports Editor.
MERION CRICKET CLUB.
Ardmore, Pr., Sept. 24. (P)—The shades of night again were falling rapidly over the bunkered battleground Wednesday evening when George Von Elm of Los Angeles, last survivor of the entire set of "seeded" favorites save only Bobby Jones, lost to Maurice J. McCarthy, Jr. of New York, in a spectacular battle that went ten extra holes to the 25th, and shattered all endurance records for the American amateur golf championship.

Tied after the first nine holes of their second round match, all square again at the 18th, Von Elm and McCarthy, weary but still game, went to the tenth extra hole still deadlocked.

It was the 45th hole of the day for the bronzed, stocky McCarthy, who had been forced to play one extra playoff hole Wednesday morning to qualify, then go to the 19th in the first round to eliminate Watts Gunn of Pittsburgh.

Reversing the situation of a year ago, at Pebble Beach, where the great Jones was the principal victim of an upset, Bobby came through with flying colors Wednesday to win both his 18-hole contests and enter the third round while all seven of the remaining "seeded" contestants were handed knockout wallpops.

Jones, brilliant in the first round but extremely erratic in the afternoon, conquered the two Canadian contenders, C. Ross Somerville and Fred G. Hoblitzel, by the same margin, 5 and 4.

Pirates Close Home Season

PITTSBURGH, Sept. 24. (P)—Pittsburgh closed its home season Wednesday by defeating Cincinnati 5 to 1 in a game that was called in the sixth because of rain.

Larry French gave the Reds only five hits while the Pirates bunched seven off Owen Carroll. Traynor hit a home run in the first with one on.

Teachers college Bearkats Saturday, Coach Jack Meagher of Rice said Wednesday.

The Rice mentor quite frankly is worried over Saturday's game. "If we can win Saturday, I feel we'll make a strong showing in all the other games that are to come," Meagher said.

Last season the Owls defeated the Bearkats 7 to 2. This year Coach Jones has available 19 lettermen and 49 other candidates, many of them brilliant performers.

Rice Mentor Worried Over Saturday Game

HOUSTON, Sept. 24. (P)—Ralph Johnson, big back, and Lou Hassell, 135 pound sophomore tackle, in all likelihood will be on the sidelines when the Rice Owls here battle Coach Jim Jones' Sam Houston team.

U. of T. Coaches Look Frosh Prospects Over

AUSTIN, Sept. 24. (P)—Varsity football players in the making were looked over Wednesday by University of Texas coaches when between 150 and 200 freshmen reported for try outs for the first year eleven. C. J. "Shorty" Alderson, freshman coach, put the hopefuls through a light limbering up drill and gave them a short talk on fundamentals.

Heavy practice sessions were scheduled to start later in the week with the frosh expected to take up their tasks against the varsity in the near future.

Alderson will be assisted in coaching the frosh by Mac Burdett and Beard, former Longhorn stars. The freshmen were given exceptionally close scrutiny this year because the team that will represent Texas in a hard schedule in 1931 will be composed mainly of sophomores and juniors, only two seniors being available next year.

Among the most promising first year men reporting were Evin Hilliard, backfield ace at Schreiner Institute for the past two years; William Russell, a back from Hereford who set a new interscholastic record in the 100 yard dash at the state track meet last year; Bill Taylor from Gonzales, back; Red Fagan, from Terrell prep school; "Jolly" Dabbs, from Schreiner and Hall from Temple junior college.

The line strength of the frosh probably will be centered around "Bull" Katrola, from Granger, Tex.; from Orange; Munn and Wallace, Junction, Boyd, from Abilene, Bill Smith from Cisco; and Garrett, from the valley. The latter also is regarded as somewhat of a bearcat on the diamond and is one of Coach Billy Diehl's most promising prospects.

Although interest of the coaches centered around these stars, the entire squad was given the "double O," to see that no bet was overlooked.

RED SOX DEFEAT WASHINGTON 6-3 IN HOME GAME

Boston Gets Victory in 5th In Duel Between Crowder, Lisenbee

BOSTON, Sept. 24. (P)—The Red Sox opened their final home stand of the year by gaining a 6 to 3 victory over the second place Washington Senators. One big inning, the fifth, gave Boston the victory in a duel between "General" Al Crowder and Hod Lisenbee. The Senators opened up with considerable fire, getting to Lisenbee for three runs in the second and third innings but Hod settled down and allowed but five scattered hits in the last six innings. Brilliant Boston findings aided in the triumph, as Warster, Reeves and Todd put over three double plays.

Sharkey, Campolo To Fight Tonight

NEW YORK, Sept. 24. (P)—The semi-privacy in which Jack Sharkey and Victorio Campolo seemed doomed to battle Thursday night for the "what of it" honors of the heavyweight division was broken somewhat Wednesday by inquisitive customers approaching the Madison Square box offices with cash in hand.

The outbreak of interest, mild though it was, sent optimism soaring at the battle palace and brought out predictions that the lackadaisical sailor and the big disappointment from the Argentine will duel before \$150,000 worth of patrons in the final fight rally of the open air season at the Yankee stadium. The struggle is scheduled for 15 rounds.

In the district court of the United States for the Eastern District of Texas, notice is given that said bankrupt, Victorio Campolo, of the city of El Paso, Texas, has applied for a discharge from all his debts, creditors and parties interested in the matter of H. E. Hayes, bankrupt. Notice is given that a meeting to be held at my office in Sherman, Tex., on October 27, 1930, at 10 o'clock a. m., there to show cause why discharge should not be granted. CHAS. BATES, Referee in Bankruptcy.

Hold Shoots on Thursday During Football Season

The Paris Gun club will hold its weekly shoot on Thursday afternoon, each week, during the football season, beginning Thursday, September 25. A number of the members are football fans, and the shoot is held at the same time of day as the games are played. Those sponsoring the shoot are anxious that the general public as well as members support the local football teams, and have made this change to allow attendance at the games.

PONIES, JACKETS TO CLASH TODAY

Mason Passes Special Exam and Will Start at Half Back Post

DALLAS, Sept. 24. (P)—The Southern Methodist university Mustangs were sand-paparing the rough edges of their football machine Wednesday preparatory to meeting the strong Howard Payne Yellow Jackets Thursday.

Eleven veterans will start against the Jackets, nine having been regulars of last year, however it was likely the first line Mustangs will see little action. Coach Ray Morrison hoped to work in most of his reserve strength against the Jackets, but to start the tilt most of the stalwarts of last season who came through undefeated will be on deck.

The same old backfield of Gilbert, quarterback; Mason and Kattman, half backs; and Hopper, full back, will take up where it left off last season. Only in the line will 1929 stars be missing. Butler, who will replace Hammon at tackle, and Tarrance, who will take Saunders' place at guard, are not exactly inexperienced hands, at that.

Announcement Wednesday that Weldon (Speedy) Mason, star half back and "mystery man" of the Southwest conference, had safely passed a set of special examinations and been declared eligible to play assured the Mustangs of their strongest lineup for their battle Thursday.

Injured during the 1929 campaign, Mason was unable to complete his studies last spring and the special tests were necessary to establish his eligibility. He passed them, according to reports, with flying colors, and will start at a halfback post Thursday.

In the district court of the United States for the Eastern District of Texas, notice is given that said bankrupt, Victorio Campolo, of the city of El Paso, Texas, has applied for a discharge from all his debts, creditors and parties interested in the matter of H. E. Hayes, bankrupt. Notice is given that a meeting to be held at my office in Sherman, Tex., on October 27, 1930, at 10 o'clock a. m., there to show cause why discharge should not be granted. CHAS. BATES, Referee in Bankruptcy.

DEFEAT BY PHILS SENDS ROBINS TO FOURTH POSITION

Phillies Close Home Season as Down Brooklyn By 6 to 3

PHILADELPHIA, Sept. 24. (P)—The Phillies closed their home season Wednesday by defeating Brooklyn, 6 to 4, and sending the Robins down to fourth place in the National league standing. The Phils clinched the game in the first inning as successive home runs by Chuck Klein and Don Hurst overcame a two-run Brooklyn lead. Both wallpops were off the pitching of Ray Moss and traveled over the right field wall. It was Klein's 40th home run of the season.

Announcement Wednesday that Weldon (Speedy) Mason, star half back and "mystery man" of the Southwest conference, had safely passed a set of special examinations and been declared eligible to play assured the Mustangs of their strongest lineup for their battle Thursday.

Injured during the 1929 campaign, Mason was unable to complete his studies last spring and the special tests were necessary to establish his eligibility. He passed them, according to reports, with flying colors, and will start at a halfback post Thursday.

In the district court of the United States for the Eastern District of Texas, notice is given that said bankrupt, Victorio Campolo, of the city of El Paso, Texas, has applied for a discharge from all his debts, creditors and parties interested in the matter of H. E. Hayes, bankrupt. Notice is given that a meeting to be held at my office in Sherman, Tex., on October 27, 1930, at 10 o'clock a. m., there to show cause why discharge should not be granted. CHAS. BATES, Referee in Bankruptcy.

Women's Golf Business Meet Set For Today

A business session of the Women's Golf association will be held at Paris Golf club Thursday morning at 8:45, preceding the weekly tournament.

All members are urged to be present for this session.

The tournament Thursday morning will have five hidden holes.

The association is now playing on a ringer tournament which will close about December 1.

Harling to Quarter For A. and M. Saturday

COLLEGE STATION, Sept. 24. (P)—Bob Harling, formerly of the Milby high school of Houston, will

pilot the Texas Aggies as quarterback in the opening game of their season with the Southwestern university Pirates at Kyle field Saturday, Matty Bell, head coach of the Aggies, announced Wednesday. Harling, who is a product of intramural football at A. and M., has been running the team from quarters in practice sessions this week and in scrimmages last Saturday led the veterans squad to victory over the veterans of last year. He is an excellent passer and ball carrier and a fair punter as well as a heady field general.

SPLASH! She Swims to Conquer

By Eleanor Burnett

Copyright, 1930, by Central Press Association, Inc.

CHAPTER 25.

Kitty never knew how she got through the rest of that evening. She was conscious that John looked at her curiously as Gordon denied his name; she knew Baby was puzzled by her speaking to Platt. Indeed, Baby rather embarrassed her, as they came back to the table by saying in a whisper: "I don't know you knew Platt!" In spite of jealousy, hurt, wonder, indignation and a miserable unhappiness that turned the lights to dimness, the music to discord, the food to distasteful mouthfuls, she was loyal.

Platt had not wanted anyone to know she knew him.

"I don't know him!" she answered. "I just spoke because I've seen him in the office—"

"What did he say?" asked Baby, curiously.

Kitty turned the conversation. Her thoughts were chaotic. She was glad when the evening was over and they went their separate ways; John to take her home, Fatty to escort Baby to another club. She heard Fatty say something to John Spurgeon about "good stock—pretty sure killing—Gila mine—Sturges Building—"

"Kitty, dear—marry me!" The words brought her to herself with a sudden shock. "I—I can't get along without you!"

Kitty put her other hand gently on his. "I'm sorry, John, dear," she answered, and the quiet coolness of her voice soothed him while it chilled. "I can't. I don't love you, that way—"

He nodded. Then, fiercely, "Is there another man? That Fatty Hemming?"

She laughed. "Fatty? Heavens, John! I like him a lot, but marry him? Not for gold and precious stones! Besides, he's wildly in love with little Baby Ayers' big sister. But she won't have him, either!" she added.

"Then who is it who has taken you from me?"

Kitty sat silent a minute. Then: "No man has asked me to marry."

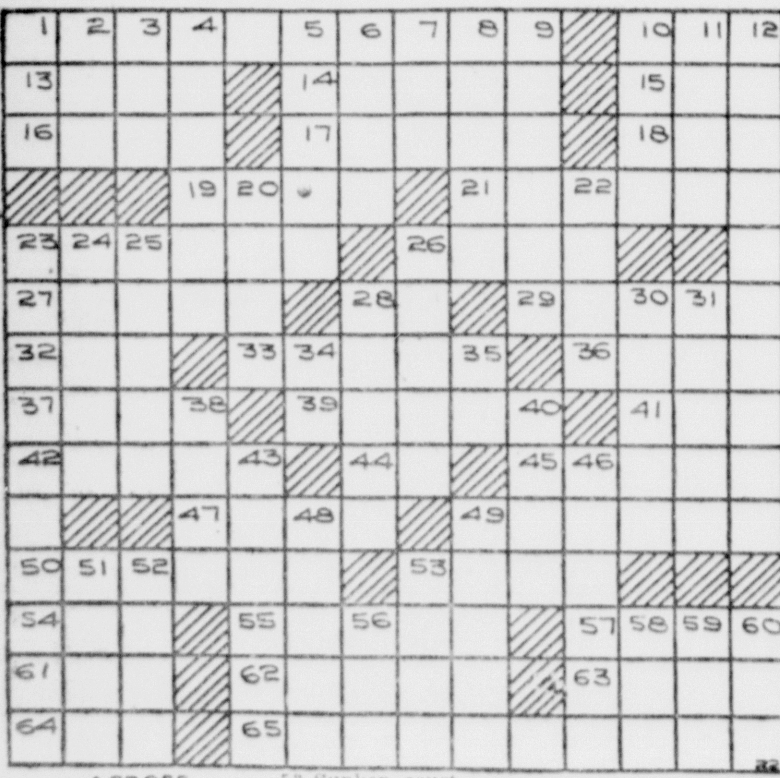

Trench Mouth Healed

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. Let's Pylorheal Remedy heal worst cases if used as directed. It is not a mouth wash or paste, and is sold on a money back guarantee. Palace Drug Store—Adv.

said only "What was the word you wanted to hear from the girl?" "Gila mine!" he answered. "I'll tell you all about it later—here's your 'L'!"

She shook hands with him, gratefully and happily, and was whirled to work without thought of a crowded and uncomfortable train. He was not angry. He had not been rude! He did like her. He called her "little comrade" and his eyes were ardent.

Only when she entered the office did she place the little feeling of wonder which had grown as she came down town. "Gila mine—Gila mine—where have I heard that before?" Then, in a revealing flash—"Fatty! Hemming, last night to John! Oh, what does it mean?"

Her bell rang as she reached her desk. Grabbing pencil and book she flew for Mr. Gove's office. She was hardly through the door before he barked at her.

"Hurry! You are infernally late! Take this—and keep your mouth shut! In the secret negotiations regarding stock in the Gila Mine..."

(To be continued.)

BROOKSTON

BROOKSTON, Sept. 23.—James Mason is a senior in Paris high school.

J. O. Fox is ill.

Mrs. A. L. Lackey visited in Tom Bean Sunday.

The Epworth League will present a play at the high school auditorium Saturday evening.

Rev. Ira C. Kiker preached to a large congregation at the Methodist church Sunday.

The fourth quarterly conference of the Methodist church was held Saturday. Officers elected for the ensuing year are: Sunday school superintendents: Gordon Hogue, R. F. Crumley, Mrs. Floyd McElure, stewards, J. A. Russell, E. Mason, J. M. Warren, Elbert Mullins, George B. Thompson, R. F. Crumley, B. A. Scott, C. R. Mc-

Clure, A. E. White, C. H. Thompson, B. W. Trotter, Mrs. J. W. Snell, Mrs. Preston Snell, Mrs. Floyd McElure and Cecil Parks.

Mrs. Pete Brueite has returned from Detroit.

Mr. and Mrs. Fred Monier visited Sunday in Honey Grove.

A slow rain is falling, breaking the long drought.

Mr. Williams of DeKalb is acting railroad agent during the illness of Mr. Fox.

Virginia motorists paid \$9,894.84 in taxes on 197,889.821 gallons of gasoline consumed last year.

TOOK IT TO BUILD HER UP

Strengthened by Lydia E. Pinkham's Vegetable Compound

La Junta, Colo.—"After my little daughter was born, one of my neighbors persuaded me to try Lydia E. Pinkham's Vegetable Compound to build me up. The first bottle made quite a change in me. I got an appetite and can sleep much better. I am not so nervous as I was. I have six children and do all my own work. I can do so much more now than I could when I began taking the Vegetable Compound and I shall certainly recommend your medicine whenever I have an opportunity."—Mrs. John Osborn, R. 2, Box 216, La Junta, Colorado.

"When does he go?"

"As soon as he can raise the money. He needs several thousands. I wish I had them to give him."

Gordon did not look satisfied. But Kitty deliberately let him think her relations to John were close. His face remained clouded, but he said no more. He patted her hand.

"Little comrade!" he said, wistfully. "Now I'll take you to the 'L' and you'll go to work," he sighed.

She wanted to thank him, to tell him how happy she was, especially at his jealousy of John. But she

Kitty looked up at him. "I'll—try!" she answered softly. "I was hurt, Gordon—I didn't understand."

"That's what I thought. Who was the other man?"

"My old friend, John Spurgeon. He's taking his mother abroad for her eyes. He stopped to see me. He was a good friend to me, all my life, especially when father died."

"When does he go?"

"As soon as he can raise the money. He needs several thousands. I wish I had them to give him."

Gordon did not look satisfied. But Kitty deliberately let him think her relations to John were close. His face remained clouded, but he said no more. He patted her hand.

Irish Poet Comes to Warn Against City Life

NEW YORK, Sept. 24, (AP)—

George Russell, better known as

"Ae", Irish poet, painter and agri-

cultural economist, arrived Tues-

day on the Cedric to warn America

of the peril of city civilization.

Unless the movement of popu-

lation away from the farm to the

city is checked, he said, the vital-

ity of the people is likely to be

weakened.

BLOSSOM

BLOSSOM, Sept. 23.—White W.

M. Gantt was driving a wagon

Monday afternoon his team became

frightened and ran away throwing

Mr. Gantt under the wagon. The

wheels passed over his body break-

ing several ribs and making bruises

about the body. Dr. Marshall was

called and dressed the wounds and

Mr. Gantt was reported to be rest-

ing very well Tuesday.

Mrs. Janie Warner and children

of Hovertown have moved to

New Orleans Cotton
NEW ORLEANS, Sept. 24. (P)—Cotton was active Wednesday although prices fluctuated frequently the changes were comparatively narrow, the opening was steady in sympathy with slightly better cables and later advanced 13 points on a moderately bullish construction of the weekly weather crop summary.

Near mid-session the market turned easier on hedge selling, some further October liquidation and owing to sympathy selling due to weakness in stocks and grain. Trading became very active during the afternoon and prices fluctuated within the previous range but near the lows, October owing to the impending notices, was weak. The close was steady and a little above the lows showing net declines for the day of 1 to 5 points.

Liverpool came in 1 point worse to 1 better than due and first trades here showed 1 point down to 1 point up. After fluctuating narrowly during the first hour the market rallied on the weather report and October traded up to 10.68 and December to 10.88, or 8 to 10 points above the previous close.

New York Cotton
NEW YORK, Sept. 24. (P)—Cotton prices moved in a rather feverish and irregular manner over a comparatively narrow range Wednesday largely as a result of October liquidation for over the first notice day Thursday. A good part of the day's business was in the form of exchanging of interests from October to the later position with leading spot houses on the buying side of October at widening discounts as the day progressed.

The South sold less vigorously during the day and at one time the market displayed considerable stability, the new December position advancing to 10.87 a gain of 10 points from the previous close but later this advance was lost, December closing at 10.77 a decline of 2 points while the general market closed steady 8 points lower to 3 points net higher.

The opening was steady at a decline of 2 points to an advance of 2 points and after a slight hesitation advanced on a continuation of the recent buying movement by the trade which was said to include the placing of contracts ahead by some spinners in some cases as much as one to two years probably attracted by prevailing price levels.

Chicago Grain
CHICAGO, Sept. 24. (P)—Grain prices rebounded excitedly in last minute of trading Wednesday after having smashed low price records because of wild selling to stop losses of holders. The sudden final upward jerk of the wheat market was due to a buying stampede which accompanied reports that Russia had been repurchasing millions of bushels of wheat for future deliveries that she recently sold here. There were also late reports

SADDLER SAYS HE GOT BETTER
Confining Work Didn't Agree With Him.—Black-Draught Brought Relief.

Somerset, Ky.—"I have used Theford's Black-Draught for twenty-five or thirty years," says Mr. W. S. Conant, of this city. "I have often been constipated, and am very closely confined, and I found that I had to take something for costiveness, as I would get so tired, or have a dull feeling."

"After I heard of Black-Draught, and began taking it, I avoided this trouble, and am now in good condition."

"I take Black-Draught in small doses, and it is most satisfactory. I feel better after using it. I have recommended it to my friends."

Theford's Black-Draught is prepared from medicinal herbs and roots, of highest quality, finely powdered, carefully combined and packaged by automatic machinery. This well-known medicine has been in use nearly 100 years, and its popularity is constantly increasing, as growing sales clearly prove.

Get the genuine—see that the yellow package bears the name "Theford's." Price 25c.

Theford's BLACK-DRAUGHT
for Constipation, Indigestion, Biliousness

WASHINGTON, Sept. 24.—As supposedly expert a commentator on governmental problems as ex-President Coolidge believes the U. S. supreme court has held definitely that it is none of the senate's business how the states permit candidates for seats in its chamber at the capital to finance their primary efforts.

The ex-president recognizes that "evil practices in making nominations should be prevented and punished," but adds that "that is not the function of the senate."

The question has been hotly disputed in recent years. No one denies the senate's right to probe the election of an applicant for admission to its membership when he presents his credentials. It has been vigorously denied, however, that he is answerable for the circumstances of his nomination except to the proper authorities of his own home state.

It is on this ground that the "Nye senatorial slush fund committee" has been so much criticized, just as a similar committee under the then Senator James A. Reed's chairmanship was criticized in the 1920's.

Both committees were named to dig into senate candidates' nomination expenses. The candidates have had to submit, being certain that otherwise a majority of senators would vote against seating them even though they might be elected—and there is no way under heaven of compelling the senate to seat anyone whom a majority of its members vote not to seat.

Nevertheless, many folk have declared that the committees' proceedings are outrageous, unconstitutional and in complete disregard of the individual states' inalienable

current that United States government sponsored agencies were buying December delivery of wheat at Minneapolis.

Wheat closed stormy and irregular, ranging from 1-4c lower than Tuesday's finish to 1-2c net advance. Corn closed 1-8 to 5-32c up, oats 1-4c off to 1-3c gain.

Closing indemnities: Wheat December \$1 3/8 to 1-2, 85 3/4 to 7-8; March \$4 1/8, 85 3/4; May \$7 3/8, 91 5/8 to 9-4.

Corn September (offers) 85 1-2; December \$1 1/8 to 1-4, 84 1/2 to 1-4; March \$2, 85 1/2; May \$3 7/8, 86 7-8 to 8-7.

Fort Worth Live Stock
FORT WORTH, Sept. 24. (P)—A light offering of steers sold steady to 25c higher here Wednesday. Cows were slow and drawing bids 15 to 25c lower, yearlings steady with very few bulls offered.

Hogs were mostly 15c lower. In the sheep division values on fat wethers were 15 to 25c lower. Steers sold at 7.40, 7.75 and 8.00.

Slaughter yearlings sold from 8.00 to 8.75. Common packages sold from 4.50 to 5.50.

Canner cows were receiving bids down to 2.00. Fat cows were reported up to 4.50. Good white face yearlings weighing 613 pounds sold at 7.25. Steer calves sold at 7.00 and 7.25. Cows around 3.00.

Stocker calves were steady some Brahmas sold at 6.00. Culls continued to sell around 3.25.

Hogs mostly 15c lower with a rail top of 9.70 and a truck top of 9.65. Packing sows 7.50 to 7.75. Fat wethers 15 to 25c lower with two year olds at 4.25 and aged wethers at 3.50. Stocker lambs 3.25 and goats 1.50.

Stock Market
NEW YORK, Sept. 24. (P)—The stock market barely had time to draw its breath Wednesday after Tuesday's technical recovery when it plunged into a fresh and pronounced decline. Although a short covering came to the rescue in the late trading, eating substantially into the extreme losses of 3 to 10 points, the close was generally 1 to 6 points net lower.

So heavy was the selling during the afternoon that the turnover was pushed to 3,442,000 shares, the largest volume since June 23, when it aggregated 3,836,000 shares. Rallyes were feeble only the final spurt was able to accomplish much.

The break appeared suddenly around noon after the market had been making some headway with the aid of better reports from the steel industry, whose operating ratio was said to have increased 3 per cent during the past week. A collapse in wheat, which had been going along rather steadily in the morning, and an announcement that an extra or increased dividend by American Can need not be expected, plunged speculative sentiment into a fit of bearishness and brought out vigorous selling throughout the list.

prerogative to run their respective primaries to suit themselves.

To be sure, the committees' defenders point out that there will have to be laws limiting primary expenditures, considering the vast amounts which some senate aspirants have been spending of late, but ex-President Coolidge pooh-poohs this suggestion, saying:

"After the supreme court decision that jurisdiction over nominations rests with the states, an investigation of them under the fiction that it is for the purpose of future legislation is a questionable use of authority."

The only flaw in the ex-president's reasoning is that there has been no such supreme court decision.

Mr. Coolidge evidently has in mind the Truman H. Newberry case. That must be the one, for it is the only case in which the supreme court has touched on the senatorial primary issue. It is true enough that it was almost the kind of decision the Northamptonian thinks it was—but not quite.

What the supreme court did do was to set aside a verdict against Senator Newberry under the corrupt practices act of 1910, on the ground that the act obviously was not meant to apply to senate primaries, for there were no senate primaries at the time the act was passed.

Senate primaries began with the seventeenth amendment's adoption. Previously senators were chosen by their respective state legislatures, with no popular nominations whatever.

And the seventeenth amendment had not been adopted in 1910.

The decision was rendered by a divided court—five to four.

Of the five justices who held in Senator Newberry's favor, four went even farther than to find for the senator, they stated that the seventeenth amendment itself failed to give the senate jurisdiction over primaries.

Evidently it was thus that ex-President Coolidge fell into the error of assuming that, according to the supreme court, "jurisdiction over nominations rests with the states."

Four justices did, indeed, so hold—but not the five needed to make a majority.

Justice McKenna (now dead), the fifth of the pro-Newberry five, handed down a separate opinion, indorsing the setting aside of the verdict against the senator, but explaining that, as to the question of the senate's "jurisdiction over nominations" under the seventeenth amendment, he maintained an open mind—the Newberry case did not call for a decision on that point; hence, until required to decide, he was not doing so.

Accordingly, upon the issue of the seventeenth amendment's extension of the senate's authority over primaries, the supreme bench

tied, four to four, with Justice McKenna not voting.

The controversy never has been settled.

There simply is no federal law regulating primary expenditures and practices.

The senate is, in fact, working toward one now; just as the "slush fund committee" defenders argue. Several bills are pending, with an offering by Senator Cutting of New Mexico, perhaps the best known.

In any event, law or no law, when the senate refuses to accept a new member, its refusal is final.

If it chooses, it can bar a senator-elect whose mere looks it dislikes.

He may be perfectly satisfactory to his own state, which is all right as far as it goes—but, after all, he has a voice in making laws for 47 other states.

student of Trinity University and of the Paris Junior College. He was an honor student at both of these places and has taught three schools in Lamar county; two at Adams and one at Faught.

Humphries Buys Lot on Bonham

Pete Humphries has purchased from the Public Theatres corporation the vacant property located between his grocery and feed store and the building formerly occupied by the Grady Crawford grocery, on Bonham street.

The lot was purchased some years ago by C. J. Musselman, with the intention of building a picture show house there, and through his association with the Dent theatres, it became the property of the Public corporation when that organization acquired the Dent holdings.

Mr. Humphries has made no announcement as to any contemplated improvement of the property.

Kidney Acids Break Sleep

PROPER LIGHT for your children

EVERY CHILD has in it the elements of greatness. Its development, its preparation for a career is a responsibility which rests squarely upon you. It is a responsibility which you, as a parent, accept with pride and delight.

Electricity can be of real help to you in discharging your responsibility to your children. Dependable electric service in your home at a rate which makes it possible for you to use it freely at very low cost, makes it possible for you to surround your children with many advantages.

For instance, you can provide them with the best of lighting arrangements for both study and play. Light is very important to a growing child. Their eyesight may be permanently impaired by poor

lights for study. Improper light even for play can be of serious damage to a child's eyes. Proper lighting today costs you only a few cents per month more than poor lighting. And when you consider the effect which good eyes has on the future of your children, the few cents additional for proper lighting is a splendid investment.

Then you can give your children the world's finest music over the radio. Music is one of the greatest sources of fine inspiration. The cost of this music will only be one-half of a cent per hour.

Electric appliances will save time and strength which you need for companionship with your children.

Let electricity help you form the careers of your children.
